INTRODUCTION/PURPOSE/SUMMARY: The City has selected HDR Inc. to provide professional engineering services to prepare an Engineering Report for the expansion of the Lower Prune Hill Booster Station. Upgrades to the pumping capacity of Lower Prune Hill were identified in our draft Water System Plan as a priority. HDR Inc. was selected based on their ability to meet the City's schedule for completing this preliminary work. HDR Inc. has submitted a scope of work in the amount of \$97,663 to conduct the engineering analysis.

BUDGET IMPACT: Total cost estimate is \$97,663. The 2019 Water/Sewer budget has funds available to complete this work.

RECOMMENDATION/RECOMMENDED ACTION/ACTION REQUESTED: This item is for Council information only. Staff recommends this item be placed on the June 3, 2019 Consent Agenda for Council's consideration.
