

Below are the fires from 7/1 to 7/7 for each year from 2011 to 2015 in the City limits of Camas that were either directly attributed to fireworks, or were of an undetermined cause (and therefore potentially fireworks). Note there is no data for 2014 - there were just 2 fires during that time frame and they were both in City of Washougal.

**2015 - July 1st - July 7th**
