**5. Standard of Care.** Columbia West will provide its services under this agreement in a manner consistent with that level of care and skill ordinarily exercised by members of its profession currently practicing under similar conditions and time period in the locality of the project. Columbia West makes no other representation regarding its services, and no guarantee or warranty, express or implied, is included or intended as to any findings, recommendations, specifications, reports, opinions, documents or other instruments of service prepared by Columbia West. No agent or representative of Columbia West has any authority to modify this disclaimer of warranty. Client recognizes that subsurface conditions may vary from those encountered at the location where borings, surveys or explorations are to be made by Columbia West. Client acknowledges that the interpretations and recommendations made by Columbia West are based solely on the information available to Columbia West. Client agrees that Columbia West has been engaged to provide technical professional services only, and that Columbia West does not owe any fiduciary responsibility to the Client, or the project Owner, if different from Client.

**6. Client's Termination of Work.** Client may, by written notice, terminate Columbia West's work prior to completion. Columbia West shall nevertheless be entitled to payment of all fees and expenses incurred up to termination, and may additionally complete such work as may be necessary to place its files in order and to complete a report on work performed to date of termination. Client maintains responsibility for proper disposal.

**9. Right of Entry.** Client will provide for the right of entry to Columbia West, its employees, agents or consultants, and for all equipment reasonably necessary to complete the work. Columbia West will take reasonable precautions in accordance with the Standard of Care to minimize any damage to property. It is understood by Client, however, that in the normal course of work, some damage may occur, in which event Columbia West is not obliged to restore the property to its state prior to the performance of such work.

**10. Re-use of Documents.** Any reuse or modification of documents by Client or anyone obtaining it through Client will be at Client's sole risk and without liability to Columbia West. Client will defend, indemnify and hold Columbia West harmless from all third party claims, demands, actions, and expenses (including reasonable attorney's fees, expert fees, and other costs of defense) arising out of or in any way related to the reuse or modification of the Work by Client or anyone obtaining it through Client.

**11. Cost and Other Estimates.** Client recognizes that Columbia West has no control over the cost of labor, materials, equipment or services provided by others, or over the contractor's methods of determining prices, or of market conditions. No warranty is given, express or implied, that proposals or bids or actual project construction costs will not vary from cost estimates provided by Columbia West. Additionally, Columbia West makes no representations concerning estimates of area or volumes. Such estimates are estimates only. No warranty is made that estimates of areas or volumes will not be different from actual quantities.

**12. Construction Monitoring.** If Columbia West is retained by Client to provide services to monitor or observe portions of construction work, foundation excavations, or other field activities, Columbia West will report its observations and opinions to Client or Client's designated agent. Columbia West will report any observed geotechnically-related work that, in Columbia West's opinion, does not conform to plans or specifications. Client acknowledges that Columbia West has no right to reject or stop work of any contractor, subcontractor or agent of the Client. Columbia West's construction monitoring or foundation observation does not include nor consist of exploratory investigation, subsurface evaluation, seismic evaluation, groundwater analysis or any other activities associated with site investigation. Construction monitoring is limited to materials tested and observed during the construction phase of the project and is not a warranty or evaluation of subsurface conditions. Columbia West claims no past or prior knowledge of site conditions other than those documented in our reports. Should Columbia West not be retained by Client for the purpose of monitoring construction work or field activities, Columbia West shall not be held liable or responsible for any such activities, or for the geotechnical performance of the completed Project. Monitoring of construction work or field activities and the performance of the complete Project will then be the sole responsibility of Client or of any other parties designated by Client. Client in such event agrees to defend, indemnify and hold harmless Columbia West from any loss or judgment incurred by Columbia West as a result of a claim or lawsuit resulting from Client's failure to monitor construction work or field activities for which Columbia West has not been retained.

**13. Means, Methods and Techniques; Safety.** Columbia West is not responsible for and will not have control of means, methods, techniques, sequences or procedures of construction or other field activities of any contractor, subcontractor, agent or representative of Client. Columbia West has not been engaged and is not responsible for any safety precautions or programs related to construction for non-employees or non-consultants of Columbia West.

**14. Assignments.** During the term of this Agreement and following its expiration or termination for any reason, neither Client nor Columbia West shall transfer, assign, convey or sublet any right, claims, duty or obligation under it, nor any other interest therein without the prior written consent of the other party.

**15. Disputes.** In the event of a disagreement, Client and Columbia West agree that they will use their best efforts to resolve same in good faith negotiations or discussions with one another. If unsuccessful in resolving the dispute, the parties shall mediate any dispute prior to and as a precondition to commencement of a lawsuit by either.

Any certification by Columbia West is limited to an expression of professional opinion based upon the services performed by it, and does not constitute or imply a warranty or guarantee of any kind.

**17. No Personal Liability:** Client expressly waives any right to sue, or otherwise make any claim against, any of Columbia West's officers or employees, past or present, as individuals, for any cause.

**18. Consequential Damages:** Neither Client nor Columbia West will be liable to the other for any special, consequential, incidental or penal losses or damages including but not limited to losses, damages or claims related to the unavailability of property or facilities, shutdowns or service interruptions, loss of use, profits, revenue, or inventory, or for use charges, cost of capital, or claims of the other party and/or its customers.
