RE: Loan Contract Number: DM16-952-002

Dear Mr. James Hodges:

Enclosed are two originals of the Drinking Water State Revolving Fund Loan Contract Number identified above. The Loan Contract details the terms and conditions that will govern the agreement between us, which includes the project's Scope of Work and an Attorney's Certification as formal attachments.

When you have obtained the appropriate signatures, please return both original contracts and all the attachments to the Public Works Board within 60 calendar days of the date of this letter. Failure to return the contracts within this timeline may result in your loan offer being withdrawn.

Please note that the U.S. Environmental Protection Agency is the funding source for this program and the Catalog of Federal Domestic Assistance (CFDA) number is 66.468. Consequently, the loan funds are federal and subject to both state and federal requirements.

If the loan fee applies, the amount of the loan includes an amount sufficient to cover a one-percent loan administration fee. The fee will be collected at contract execution, and is non-refundable. Please review the terms and conditions of the Loan Contract carefully, as well as the attachments.

A requirement of the DWSRF program is that you must maintain updated project records and yearly renewal of your registration in the System for Award Management at [www.sam.gov](http://www.sam.gov).

Another requirement of the DWSRF program is that all entities are required to verify that the federal government has not suspended or debarred them from receiving federal funds. This includes, but is not limited to, project contractors, subcontractors, engineers, architects, consultants, and equipment vendors. The Exclusion Report can be accessed at [www.sam.gov](http://www.sam.gov). Failure to provide this required certification may result in termination of your loan contract.

After the Loan Contracts have been signed by the Board or its designee, one fully executed original will be returned to you for your files. Instructions for drawing the loan funds will be returned to you with the executed Loan Contract, as well as the necessary forms. The Loan Contract specifies that draws may be made for costs that have been incurred, and which have supporting documentation such as receipts or bills.

#### 1.1. DEFINITIONS

- E. The "Contract End Date" shall mean the date the contract expires. This date shall occur in the final year of the LOAN TERM unless otherwise amended, as counted from the AWARD YEAR. The actual date of contract execution shall have no effect on the Contract End Date.
- F. "Deferral Period" shall be from the date of contract execution until the date of project completion. The Deferral Period shall not exceed 4 years in length.
- G. "Department of Commerce" and "Commerce" shall mean the Washington State Department of Commerce.
- H. "Department of Health" shall mean the Washington State Department of Health, Office of Drinking Water, who is the recipient of the Drinking Water State Revolving Fund grant and regulates drinking water systems in the State of Washington.
- I. "Iron and steel products" are the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.
- J. PAYMENT MONTH shall mean the day and month of the year in which payments are due.

#### 1.2. AUTHORITY

Acting under the authority of RCW 70.119A.170 and RCW 43.155.040, the Board has awarded the Contractor a Drinking Water State Revolving Fund loan for an approved project. The Contractor will be a sub-recipient of funds provided by the United States Environmental Protection Agency, CFDA Number 66.468, Title: Safe Drinking Water State Revolving Fund, award year of this contract.

#### 1.3. PURPOSE

The Board and the Contractor have entered into this Contract to undertake a local project that furthers the goals and objectives of the Drinking Water State Revolving Fund Loan Program. The project will be undertaken by the Contractor and will include the activities described in the SCOPE OF WORK shown on the Declarations page. The project must be undertaken in accordance with the loan Program Special Terms and Conditions and all applicable federal, state and local laws and ordinances, including but not limited to those specifically enumerated in Attachment II: Federal and State Requirements, which by this reference are incorporated into this Contract as though set forth fully herein.

#### 1.4. ORDER OF PRECEDENCE

In the event of an inconsistency in this Contract, the inconsistency shall be resolved by giving precedence in the following order:

- A. Applicable federal and State of Washington statutes and regulations.

- B. Special Terms and Conditions including attachments.
- C. General Terms and Conditions.

**1.5. AMOUNT OF LOAN**

The Board, using funds appropriated from the Drinking Water Assistance Account, shall loan the Contractor a sum not to exceed the amount shown as LOAN AMOUNT on the attached Declarations Page. This loan amount includes a loan fee, if applicable, which is shown on the Declarations Page as LOAN FEE.

**1.6. LOAN FEE**

If the loan fee applies, it will be assessed at loan execution.

The amount of the loan fee (if applicable) represents one percent (1%) of the loan request and shall not be reduced, regardless of the actual final loan amount at project completion. If the loan fee applies and the total loan amount is increased by amendment, an additional loan fee equal to one percent (1%) of the additional loan amount will be assessed at amendment execution. The amount of any loan fee will be displayed on the Declarations Page as LOAN FEE.

**1.7. TERM OF LOAN**

Unless otherwise amended, the term of the loan shall not exceed the period shown on the Declarations Page as LOAN TERM. The term shall start in the AWARD YEAR.

Except as herein provided, under no circumstances shall the loan repayment period exceed 20 years from the contract execution date.

The loan term may be extended for a disadvantaged community up to 30 years, provided that a recipient completes loan repayment no later than 30 years after project completion and the term of the loan does not exceed the expected design life of the project.

**1.8. RATE AND LOAN FORGIVENESS**

The interest rate shall be the declared INTEREST RATE per annum on the outstanding principal balance, based on a three hundred and sixty (360) day year composed of twelve (12) thirty (30) day months. The amount of loan forgiveness (if applicable) shall be as stated on the attached Declarations Page, and identified therein as LOAN FORGIVENESS %.

If project is completed within 24 months of contract execution and includes the basic interest rate, the interest rate will be decreased to one percent (1.0%) at project completion. The calculation of interest rate will apply to the remaining payments beginning from the date the Project Completion report is certified.

This loan forgiveness shall be applied at project completion and shall apply to the lesser of the loan amount or the actual eligible costs and that declared percent on any accrued interest. The percent of loan forgiveness and interest rate shall not be changed, regardless of the actual cost of the project and the Affordability Index at project completion.

**1.9. DISBURSEMENT OF LOAN PROCEEDS AND REQUIRED DOCUMENTATION**

If funding or appropriation is not available at the time the Contractor submits a request for a loan disbursement, the issuance of a warrant will be delayed or suspended until such time funds become available. Therefore, subject to availability of funds, warrants shall be issued to the Contractor for payment of allowable expenses incurred by the Contractor while undertaking and administering approved project activities in accordance with the declared SCOPE OF WORK.

The loan funds will be disbursed to the Contractor as follows:

Ten percent (10%) of loan proceeds will be held until project completion. The total Drinking Water State Revolving Fund Loan shall not exceed one hundred percent (100%) of the actual eligible project costs.

When requesting reimbursement for costs incurred, the Contractor shall submit a signed and completed Invoice Voucher (Form A19), referencing the declared SCOPE OF WORK project activity performed, and any appropriate documentation such as bills, invoices, and receipts. The purchase of any land necessary and integral to the project must be included in the declared SCOPE OF WORK and be documented with an appraisal or other market valuation and a valid purchase and sale agreement. The Invoice Voucher must be certified by an official of the Contractor with authority to bind the Contractor.

Each A19 Reimbursement Voucher must be accompanied by a Project Status Report, which describes, in narrative form, the progress made on the project since the last invoice was submitted, as well as a report of project status to date. The Department of Commerce (Commerce) will not release payment for any reimbursement request received until the Project Status Report is received. After approving the Voucher and the Project Status Report, Commerce shall promptly release funds to the Contractor.

Construction expenses incurred after the date shown as EARLIEST DATE FOR CONSTRUCTION REIMBURSEMENT on the Declarations Page are eligible for reimbursement. Requests for reimbursements for costs related to construction activities will not be accepted until the Contractor has met the following conditions:

- A. Issued a Notice to Proceed which follows the formal award of a construction contract;
- B. Completed the State Environmental Review Process;
- C. Complied with all provisions of Section 106 of the National Historic Preservation Act of 1966;
- D. Complied with Section 1.19: Prevailing Wage;
- E. Obtained approval from the Department of Health of the project report and related construction documents for all applicable activities described in the declared SCOPE OF WORK; and
- F. Complied with any other loan conditions required by Department of Health or The Board.

An electronic copy (emailed PDF or a FAX) of a signed A19 Reimbursement Voucher and other required documentation is the preferred method for requesting reimbursement. Submit the electronic requests to your Federal Programs Unit (FPU) representative or fax to 360-586-8440. This electronic submittal may be 25 pages or less. If you choose to send your vouchers and backup documentation electronically, please DO NOT mail in the original. You will receive email notification from your FPU representative that the electronic request has been received.

Commerce will pay the Contractor upon acceptance of the work performed and receipt of properly completed invoices. Invoices may be submitted to Commerce not more often than monthly.

Payment shall be considered timely if made by Commerce within thirty (30) calendar days after receipt of properly completed invoices. Payment shall be sent to the address designated by the Contractor.

The Board may, at its sole discretion, withhold payments claimed by the Contractor for services rendered if the Contractor fails to satisfactorily comply with any term or condition of this contract.

No payments in advance or in anticipation of services or supplies to be provided under this contract shall be made by the Board.

In the event that the Contractor receives reimbursement for costs that are later determined by the Board to be ineligible, these funds shall be repaid to the Drinking Water Assistance Account by payment to the Department of Commerce, or its successor, together with the submission of the Project Completion Amendment.

At the time of project completion, the Contractor shall submit to the Board a Certified Project Completion Request certifying the total actual project costs, and a final voucher for the remaining eligible funds. The Certified Project Completion Request shall include a copy of the Construction Completion Report as submitted to Department of Health.

#### **1.10. TIME OF PERFORMANCE**

The Contractor shall begin the activities identified within the declared SCOPE OF WORK no later than thirty (30) days after Contract execution. No later than eighteen (18) months after Contract execution, the Contractor shall issue a 'Notice to Proceed', which follows the formal award of a construction contract.

The Contractor must reach project completion within the period specified on the Declarations Page as TIME OF PERFORMANCE.

Failure to meet Time of Performance within the time frame described in this section shall constitute default under this Contract, and as a result, this Contract may be terminated. In the event of extenuating circumstances, the Contractor may request, in writing, at least 90 days prior to the expiration of project completion date that the Board extend the deadline for project completion. The Board may extend the time of project completion.

#### **1.11. PROJECT COMPLETION AMENDMENT AND THE CERTIFIED PROJECT COMPLETION REPORT**

The Contractor shall initiate a Project Completion Amendment by submitting a Certified Project Completion Report when activities identified in the declared SCOPE OF WORK are complete and the Contractor agrees that no additional eligible costs will be reimbursed.

In the Project Completion Amendment, the Contractor will provide the following information to the Board:

- A. A certified statement of the actual dollar amounts spent, from all fund sources, in completing the project as described in the declared SCOPE OF WORK.
- B. Certification that all costs associated with the project have been incurred. Costs are incurred when goods and services are received and/or contract work is performed.
- C. A copy of the Department of Health Construction Completion Report as submitted to Department of Health.
- D. Evidence documenting compliance with audit requirements as referenced in Section 1.27.
- E. A final voucher for the remaining eligible funds.

The Project Completion Amendment shall serve as an amendment to this Contract determining the final loan amount and term of the loan.

#### **1.12. REPAYMENT**

An assistance recipient begins annual repayment of the loan no later than one year after contract execution. The first repayment installment is due on the first day of the month shown as PAYMENT MONTH on the Declarations Page. Interest only will be charged for this first payment if a draw is made prior to this date. All subsequent payments shall consist of principal and accrued interest due that month of each year during the remaining term of the loan.

Repayment of the loan under this Contract shall include the declared INTEREST RATE per annum. Interest will begin to accrue from the date each payment is issued to the Contractor. The final payment shall be on or before the completion of the declared LOAN TERM, payable on or before the declared PAYMENT MONTH of an amount sufficient to bring the loan balance to zero.

The Contractor has the right to repay the unpaid balance of the loan in full at any time or make accelerated payments without penalty.

The Contractor will repay the loan in accordance with the preceding conditions through the use of a check, money order, or equivalent means made payable to the Washington State Department of Commerce, or its successor.

#### **1.13. DEFAULT IN REPAYMENT**

Loan repayments shall be made in accordance with Section 1.12 of this Contract. A payment not received within thirty (30) days of the due date shall be declared delinquent. Delinquent payments shall be assessed a monthly penalty beginning on the first (1<sup>st</sup>) day past the due date. The penalty will be one percent (1%) per month or twelve percent (12%) per annum of the delinquent payment amount. These same penalty terms shall apply if the repayment of loan funds determined to be ineligible costs are not repaid within thirty (30) days as provided for in Section 1.9.

The Contractor acknowledges and agrees to the Board's right, upon delinquency in the payment of any annual installment, to notify any other entity, creditors, or potential creditors of the Contractor of such delinquency. Contractor shall be responsible for all legal fees incurred by the Board in any action undertaken to enforce its rights under this section.

#### **1.14. LOAN SECURITY**

Loan Security may be required as a performance condition of this contract. If such performance condition is required it shall be indicated on the attached Declarations Page and identified therein as LOAN SECURITY CONDITION.

The Board grants the Contractor the right to issue future bonds and notes that constitute a lien and charge on the revenue source superior to the lien and charge of this Loan Contract. Nothing in this section shall absolve the Contractor of its obligation to make loan repayments when due, and to adjust rates, fees, or surcharges, if necessary, to meet its obligations under this Contract.

#### **1.15. HISTORICAL AND CULTURAL ARTIFACTS**

The Contractor acknowledges that the project funded by this Contract is subject to Section 106 of the National Historic Preservation Act of 1966.

#### **2.16. COPYRIGHT PROVISIONS**

Unless otherwise provided, all Materials produced under this Contract shall be considered "works for hire" as defined by the U.S. Copyright Act and shall be owned by the Board. The Board shall be considered the author of such Materials. In the event the Materials are not considered "works for hire" under the U.S. Copyright laws, the Contractor hereby irrevocably assigns all right, title, and interest in all Materials, including all intellectual property rights, moral rights, and rights of publicity to the Board effective from the moment of creation of such Materials.

"Materials" means all items in any format and includes, but is not limited to, data, reports, documents, pamphlets, advertisements, books, magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. "Ownership" includes the right to copyright, patent, register and the ability to transfer these rights.

The Board shall have the right to modify or remove any restrictive markings placed upon the Materials by the Contractor.

## **2.18. DISPUTES**

The request for a dispute hearing must:

- be in writing;
- state the disputed issues;
- state the relative positions of the parties;
- state the Contractor's name, address, and Contract number; and,

The respondent shall send a written answer to the requestor's statement to both the Director or the Director's designee and the requestor within five (5) working days.

The Director or designee shall review the written statements and reply in writing to both parties within ten (10) working days. The Director or designee may extend this period if necessary by notifying the parties.

The decision shall not be admissible in any succeeding judicial or quasi-judicial proceeding.

The parties agree that this dispute process shall precede any action in a judicial or quasi-judicial tribunal.

Nothing in this Contract shall be construed to limit the parties' choice of a mutually acceptable alternate dispute resolution (ADR) method in addition to the dispute hearing procedure outlined above.

The Contractor's obligation to indemnify, defend, and hold harmless includes any claim by the Contractor's agents, employees, representatives, or any Subcontractor or its agents, employees, or representatives.

The Contractor's obligation to indemnify, defend, and hold harmless shall not be eliminated by any actual or alleged concurrent negligence of the state or its agents, agencies, employees and officers.

Subcontracts shall include a comprehensive indemnification clause holding harmless the Contractor, the Board, the state of Washington, its officers, employees and authorized agents.

The Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless the state and its agencies, officers, agents or employees.

## **2.23. INDEPENDENT CAPACITY OF THE CONTRACTOR**

The parties intend that an independent contractor relationship will be created by this Contract. The Contractor and its employees or agents performing under this Contract are not employees or agents of the State of Washington or the Board. The Contractor will not hold itself out as or claim to be an officer or employee of the Board or of the State of Washington by reason hereof, nor will the Contractor make any claim of right, privilege or benefit which would accrue to such officer or employee under law. Conduct and control of the work will be solely with the Contractor.

## **2.24. INDIRECT COSTS**

The Board shall pay any withheld amount to the Contractor if the Board later determines that loss or liability will not occur.

The rights and remedies of the Board under this section are in addition to any other rights and remedies provided under this Contract or otherwise provided under law.

**2.49. WAIVER**

Waiver of any default or breach shall not be deemed to be a waiver of any subsequent default or breach. Any waiver shall not be construed to be a modification of the terms of this Contract unless stated to be such in writing and signed by Authorized Representative of the Board.

**2.50. WORK HOURS AND SAFETY STANDARDS**

The Contract Work Hours and Safety Standards Act (40 USC 327-333)-Where applicable, all contracts awarded by recipients in excess of \$100,000 for construction and other purposes that involve the employment of mechanics or laborers must include a provision for compliance with Section 102 and 107 of the Contract Work Hours Safety Standards Act (40 USC 327-333), as supplemented by Department of Labor regulations (29 CFR part 5). Under Section 102 of the Act, each subcontractor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than 1 ½ times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic is required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

## DRINKING WATER STATE REVOLVING FUND (MUNICIPAL)

**City of Camas  
DM16-952-002**

I, \_\_\_\_\_, hereby certify:

I am an attorney at law admitted to practice in the State of Washington and the duly appointed attorney of the Contractor identified on the Declarations Page of the Contract identified above; and

I have also examined any and all documents and records, which are pertinent to the Contract, including the application requesting this financial assistance.

Based on the foregoing, it is my opinion that:

1. The Contractor is a public body, properly constituted and operating under the laws of the State of Washington, empowered to receive and expend federal, state and local funds, to contract with the State of Washington, and to receive and expend the funds involved to accomplish the objectives set forth in their application.
2. The Contractor is empowered to accept the Drinking Water State Revolving Fund financial assistance and to provide for repayment of the loan as set forth in the loan agreement.
3. There is currently no litigation in existence seeking to enjoin the commencement or completion of the above-described public facilities project or to enjoin the Contractor from repaying the Drinking Water State Revolving Fund loan extended by the Public Works Board with respect to such project. The Contractor is not a party to litigation, which will materially affect its ability to repay such loan on the terms contained in the loan agreement.
4. Assumption of this obligation would not exceed statutory and administrative rule debt limitations applicable to the Contractor.

# ATTACHMENT III: DISADVANTAGED BUSINESS ENTERPRISE REQUIREMENTS

## GENERAL COMPLIANCE, 40 CFR, Part 33

The Contractor agrees to comply with the requirements of Environmental Protection Agency's Program for Utilization of Small, Minority and Women's Business Enterprises (MBE/WBE) in procurement under this Contract, contained in 40 CFR, Part 33.

## FAIR SHARE OBJECTIVES, 40 CFR, Part 33, Subpart D

The following are exemptions from the fair share objective Requirements:

- Grant and loan recipients receiving a total of \$250K or less in EPA financial assistance in a given fiscal year.
- Tribal recipients of Performance Partnership Eligible grants under 40 CFR Part 35, Subpart B.
  - There is a 3-year phase in period for the requirement to negotiate fair share goals for Tribal and Insular Area recipients.
- Recipients of Technical Assistance Grants.

The Fair Share Objectives or goals for the utilization of disadvantaged businesses negotiated with EPA by the WA Office of Minority Women Business are stated below.

Construction	10% MBE	6% WBE
Supplies	8% MBE	4% WBE
Equipment	8% MBE	4% WBE
Purchased Services	10% MBE	4% WBE

By signing this Contract, the Contractor is accepting the fair share objectives/goals stated above and attests to the fact that it is purchasing the same or similar construction, supplies, services and equipment, in the same or similar relevant geographic buying market as WA Office of Minority Women Business goal is being adopted.

## SIX GOOD FAITH EFFORTS, 40 CFR, Part 33, Subpart C

Pursuant to 40 CFR, Section 33.301, the Contractor agrees to make the following good faith efforts whenever procuring construction, equipment, services and supplies under an EPA financial assistance agreement, and to ensure that sub-recipients, loan recipients, and prime contractors also comply.

Records documenting compliance with the six good faith efforts shall be retained. The six good faith efforts shall include:

- Ensure Disadvantaged Business Enterprises are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local Government recipients, this will include placing the Disadvantaged Business Enterprises on solicitation lists and soliciting them whenever they are potential sources.
- Make information on forthcoming opportunities available to Disadvantaged Business Enterprises and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by Disadvantaged Business Enterprises in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of thirty (30) calendar days before the bid or proposal closing date.
- Consider in the contracting process whether firms competing for large contracts could subcontract with Disadvantaged Business Enterprises. For Indian Tribal, State and Local Government recipients, this will include dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by Disadvantaged Business Enterprises in the competitive process.
- Encourage contracting with a consortium of Disadvantaged Business Enterprises when a contract is too large for one of these firms to handle individually.
- Use the services and assistance of the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
- If the prime contractor awards subcontracts, also require the prime contractor to take the five good faith efforts in paragraphs A through E above.

### **MBE/WBE REPORTING, 40 CFR, Part 33, Sections 33.502 and 33.503**

Contractor is required to submit MBE/WBE participation reports to the Board and/or the Department of Health, on a quarterly basis, beginning with the Federal fiscal year reporting period the Contractor receives the award and continuing until the project is completed.

### **CONTRACT ADMINISTRATION PROVISIONS, 40 CFR, Section 33.302**

The Contractor agrees to comply with the contract administration provisions of 40 CFR, Section 33.302.

The Contractor agrees to require all general contractors to provide forms: EPA Form 6100-2 DBE Subcontractor Participation Form and EPA Form 6100-3 DBE Subcontractor Performance Form to all its Disadvantaged Business Enterprise subcontractors, engineers, vendors, and any other entity for work or services listed in the declared SCOPE OF WORK. These two (2) forms may be obtained from the EPA Office of Small Business Program's website on the internet at <http://www.epa.gov/osbp/grants.htm>.

The Contractor agrees to require all general contractors to complete and submit to the Contractor and Environmental Protection Agency EPA Form 6100-4 DBE Subcontractor Utilization Form beginning with the Federal fiscal year reporting period the Contractor receives the award and continuing until the project is completed. Only procurements with certified MBE/WBEs are counted toward a Contractor's MBE/WBE accomplishments.

### **BIDDERS LIST, 40 CFR, Section 33.501(b) and (c)**

The Contractor is also required to create and maintain a bidders list if the Contractor of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR, Section 33.501 (b) and (c) for specific requirements and exemptions.

Section 33.501(b) of the rule is as follows:

A recipient of a Continuing Environmental Program Grant or other annual grant must create and maintain a bidders list. In addition, a recipient of an EPA financial assistance agreement to capitalize a revolving loan fund also must require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. The purpose of a bidders list is to provide the recipient and entities receiving identified loans who conduct competitive bidding with as accurate a database as possible about the universe of MBE/WBE and non-MBE/WBE prime and subcontractors. The list must include all firms that bid or quote on prime contracts or bid or quote on subcontracts under EPA assisted projects, including both MBE/WBEs.

The bidders list must be kept until the grant project period has expired and the recipient is no longer receiving EPA funding under the grant. For entities receiving identified loans, the bidders list must be kept until the project period for the identified loan has ended. The following information must be obtained from all prime and subcontractors:

- (1) Entity's name with point of contact;
- (2) Entity's mailing address, telephone number, and e-mail address;
- (3) The procurement on which the entity bid or quoted, and when; and
- (4) Entity's status as a MBE/WBE<sup>1</sup> or non-MBE/WBE.

The exemption found at § 33.501(c) is as follows:

A recipient of an EPA financial assistance agreement in the amount of \$250,000 or less for any single assistance agreement, or of more than one financial assistance agreement with a combined total of \$250,000 or less in any one fiscal year, is exempt from the paragraph (b) of this section requirement to create and maintain a bidders list. Also, a recipient under the CWSRF, DWSRF, or BCRLF Program is not required to apply the paragraph (b) of this section bidders list requirement of this subpart to an entity receiving an identified loan in an amount of \$250,000 or less, or to an entity receiving more than one identified loan with a combined total of \$250,000 or less in any one fiscal year. This exemption is limited to the paragraph (b) of this section bidders list requirements of this subpart.

# ATTACHMENT V: DWSRF ELIGIBLE PROJECT COSTS

Must be directly attributable to the project.

1. The costs for complying with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
2. DWSRF loan fees.
3. The purchase of a portion of another system's capacity, if it is the most cost effective solution (limited to publicly owned (municipal) systems).
4. Construction of reservoirs (clear wells) that are part of the treatment process and are collocated with the treatment facility.
5. Construction of distribution reservoirs (finished water).
6. Cost associated with restructuring or consolidation of existing water systems by publicly owned water systems.
7. Main extensions to connect to safe and reliable sources of drinking water.
8. Cost associated with collecting and preparing environmental assessment documents to obtain local permits.
9. Direct labor including related employee benefits:
  - a. Salaries and wages (at actual or average rates) covering productive labor hours of employees of the borrower (excluding the administrative organization of the operating unit involved) for periods of time actively or incidentally engaged in pre-design engineering, design engineering, construction engineering, acquisition of rights of way, and the cleaning, sterilization or bacteriological testing of water system components prior to public use. The costs of services rendered by employees generally classified as administration/project management of the loan are considered a direct cost only when such employees are assigned the types of services described above and shall be limited to 3% or less of the project loan amount.
  - b. Employee benefits relating to labor are considered a direct cost of construction projects. The following items may be included as employee benefits:
    - F.I.C.A. (Social Security) –employer's share.

    - Industrial and medical insurance.
    - Vacation.
    - Holiday.
    - Sick leave.
    - Military leave and jury duty.

Employee benefits must be calculated as a percentage of direct labor dollars. The computation of predetermined percentage rates to be applied to current labor costs must be based on the average of total employee benefits and total labor costs for the prior fiscal year and adjusted by known current year variations.

- c. Other than work identified in Number 9.a, no costs associated with labor performed by the borrower's employees, including force account work, are eligible for financing assistance.
10. Contract engineering, planning, design, legal, and financial planning services. The Board reserves the right to declare ineligible legal costs that are unreasonable and disproportionate to the project.
11. Contract construction work.
12. Direct vehicle and equipment charges at the actual rental cost paid for the equipment or, in the case of city or county-owned equipment, at the rental rates established by the local government's "equipment rental and revolving fund" following the methods prescribed by the division of municipal corporations. However, such costs must be charged on a uniform basis to equipment used for all projects regardless of the source of funding. Cities with a population of eight thousand or less not using this type of fund are allowed the same rates as used by the State Department of Transportation.
13. Direct materials and supplies.
14. Other direct costs incurred for materials or services acquired for a specific project are eligible costs and may include, but are not limited to such items as:
  - a. Telephone charges.
  - b. Reproduction and photogrammetry costs.
  - c. Video and photography for project documentation.
  - d. Computer usage.

# ATTACHMENT VI: LABOR STANDARD PROVISIONS FOR SUBRECIPIENTS THAT ARE GOVERNMENTAL ENTITIES

---

## Wage Rate Requirements Under The Consolidated and Further Continuing Appropriations Act, 2013 (P.L. 113-6)

### Preamble

With respect to the Clean Water and Safe Drinking Water State Revolving Funds, EPA provides capitalization grants to each State which in turn provides subgrants or loans to eligible entities within the State. Typically, the subrecipients are municipal or other local governmental entities that manage the funds. For these types of recipients, the provisions set forth under Roman Numeral I, below, shall apply. Although EPA and the State remain responsible for ensuring subrecipients' compliance with the wage rate requirements set forth herein, those subrecipients shall have the primary responsibility to maintain payroll records as described in Section 3(ii)(A), below and for compliance as described in Section I-5.

Occasionally, the subrecipient may be a private for profit or not for profit entity. For these types of recipients, the provisions set forth in Roman Numeral II, below, shall apply. Although EPA and the State remain responsible for ensuring subrecipients' compliance with the wage rate requirements set forth herein, those subrecipients shall have the primary responsibility to maintain payroll records as described in Section II-3(ii)(A), below and for compliance as described in Section II-5.

### **I. Requirements Under The Consolidated and Further Continuing Appropriations Act, 2013 (P.L. 113-6)**

#### **For Subrecipients That Are Governmental Entities:**

The following terms and conditions specify how recipients will assist EPA in meeting its Davis-Bacon (DB) responsibilities when DB applies to EPA awards of financial assistance under the FY 2013 Continuing Resolution with respect to State recipients and subrecipients that are governmental entities. If a subrecipient has questions regarding when DB applies, obtaining the correct DB wage determinations, DB provisions, or compliance monitoring, it may contact Department of Commerce. If a State recipient needs guidance, they may obtain additional guidance from DOL's web site at <http://www.dol.gov/whd/>.

#### **1. Applicability of the Davis- Bacon (DB) prevailing wage requirements.**

Under the FY 2013 Continuing Resolution, DB prevailing wage requirements apply to the construction, alteration, and repair of treatment works carried out in whole or in part with assistance made available by a State water pollution control revolving fund and to any construction project carried out in whole or in part by assistance made available by a drinking water treatment revolving loan fund. If a subrecipient encounters a unique situation at a site that presents uncertainties regarding DB applicability, the subrecipient must discuss the situation with the recipient State before authorizing work on that site.

#### **2. Obtaining Wage Determinations.**

(a) Subrecipients shall obtain the wage determination for the locality in which a covered activity subject to DB will take place prior to issuing requests for bids, proposals, quotes or other methods for soliciting contracts (solicitation) for activities subject to DB. These wage determinations shall be incorporated into solicitations and any subsequent contracts. Prime contracts must contain a provision requiring that subcontractors follow the wage determination incorporated into the prime contract.

- (i) While the solicitation remains open, the subrecipient shall monitor [www.wdol.gov](http://www.wdol.gov) weekly to ensure that the wage determination contained in the solicitation remains current. The subrecipients shall amend the solicitation if DOL issues a modification more than 10 days prior to the closing date (i.e. bid opening) for the solicitation. If DOL modifies or supersedes the applicable wage determination less than 10 days prior to the closing date, the subrecipients may request a finding from the State recipient that there is not a reasonable time to notify interested contractors of the modification of the wage determination. The State recipient will provide a report of its findings to the subrecipient.
- (ii) If the subrecipient does not award the contract within 90 days of the closure of the solicitation, any modifications or supersedes DOL makes to the wage determination contained in the solicitation shall be effective unless the State recipient, at the request of the subrecipient, obtains an extension of the 90 day period from DOL pursuant to 29 CFR 1.6(c)(3)(iv). The subrecipient shall monitor [www.wdol.gov](http://www.wdol.gov) on a weekly basis if it does not award the contract within 90 days of closure of the solicitation to ensure that wage determinations contained in the solicitation remain current.

(b) If the subrecipient carries out activity subject to DB by issuing a task order, work assignment or similar instrument to an existing contractor (ordering instrument) rather than by publishing a solicitation, the subrecipient shall insert the appropriate DOL wage determination from [www.wdol.gov](http://www.wdol.gov) into the ordering instrument.

(c) Subrecipients shall review all subcontracts subject to DB entered into by prime contractors to verify that the prime contractor has required its subcontractors to include the applicable wage determinations.

(d) As provided in 29 CFR 1.6(f), DOL may issue a revised wage determination applicable to a subrecipient's contract after the award of a contract or the issuance of an ordering instrument if DOL determines that the subrecipient has failed to incorporate a wage determination or has used a wage determination that clearly does not apply to the contract or ordering instrument. If this occurs, the subrecipient shall either terminate the contract or ordering instrument and issue a revised solicitation or ordering instrument or incorporate DOL's wage determination retroactive to the beginning of the contract or ordering instrument by change order. The subrecipient's contractor must be compensated for any increases in wages resulting from the use of DOL's revised wage determination.

### **3. Contract and Subcontract provisions.**

(a) The Recipient shall insure that the subrecipient(s) shall insert in full in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a treatment work under the CWSRF or a construction project under the DWSRF financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to the labor standards provisions of any of the acts listed in § 5.1 or the FY 2013 Continuing Resolution, the following clauses:

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

Subrecipients may obtain wage determinations from the U.S. Department of Labor's web site, [www.dol.gov](http://www.dol.gov).

(ii)(A) The subrecipient(s), on behalf of EPA, shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The State award official shall approve a request for an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the subrecipient(s) agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), documentation of the action taken and the request, including the local wage determination shall be sent by the subrecipient (s) to the State award official. The State award official will transmit the request, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210 and to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification request within 30 days of receipt and so advise the State award official or will notify the State award official within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the subrecipient(s) do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the award official shall refer the request and the local wage determination, including the views of all interested parties and the recommendation of the State award official, to the Administrator for

determination. The request shall be sent to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt of the request and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided, that the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The subrecipient(s), shall upon written request of the EPA Award Official or an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly, for each week in which any contract work is performed, a copy of all payrolls to the subrecipient, that is, the entity that receives the sub-grant or loan from the State capitalization grant recipient. Such documentation shall be available on request of the State recipient or EPA. As to each payroll copy received, the subrecipient shall provide written confirmation in a form satisfactory to the State indicating whether or not the project is in compliance with the requirements of 29 CFR 5.5(a)(1) based on the most recent payroll copies for the specified week. The payrolls shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on the weekly payrolls. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the subrecipient(s) for transmission to the State or EPA if requested by EPA, the State, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the subrecipient(s).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is

not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and Subrecipient(s), State, EPA, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility.

(i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
