The Bonds do not constitute an indebtedness of the City within the meaning of the constitutional provisions and limitations of the State.

Section 3.2 Registration, Exchange and Payments.

(a) Registration of Bonds. Each Bond shall be issued only in registered form as to both principal and interest and the ownership of each Bond shall be recorded on the Bond Register.

(b) Bond Registrar; Duties. The Fiscal Agent is appointed as initial Bond Registrar. The Bond Registrar is authorized, on behalf of the City, to authenticate and deliver Bonds transferred or exchanged in accordance with the provisions of the Bonds and this ordinance, to serve as the City's paying agent for the Bonds and to carry out all of the Bond Registrar's powers and duties under this ordinance. (c) Bond Register; Transfer and Exchange. The Bond Register shall contain the name and mailing address of each Registered Owner and the principal amount and number of each Bond held by each Registered Owner. A Bond surrendered to the Bond Registrar may be exchanged for a Bond or Bonds in any Authorized Denomination of an equal aggregate principal amount and of the same Series, interest rate and maturity. A Bond may be transferred only if endorsed in the manner provided thereon and surrendered to the Bond Registrar. Any exchange or transfer shall be without cost to the Owner or transferee. Upon the resignation of the Securities Depository, or upon a termination of the services of the Securities Depository by the City, the City may appoint a substitute Securities Depository. If (i) the

Securities Depository resigns and the City does not appoint a substitute Securities Depository, or (ii) the City terminates the services of the Securities Depository, the Bonds no longer shall be held in book-entry only form and the registered ownership of each Bond may be transferred to any person as provided in this ordinance.

Neither the City nor the Bond Registrar shall have any obligation to participants of any Securities Depository or the persons for whom they act as nominees regarding accuracy of any records maintained by the Securities Depository or its participants. Neither the City nor the Bond Registrar shall be responsible for any notice that is permitted or required to be given to a Registered Owner except such notice as is required to be given by the Bond Registrar to the Securities Depository.

(e) *Place and Medium of Payment.* Both principal of and interest on the Bonds shall be payable in lawful money of the United States of America. For so long as all Bonds are in fully immobilized form, payments of principal and interest shall be made as provided in accordance with the operational arrangements of DTC referred to in the Letter of Representations. If a Term Bond is redeemed under the optional redemption provisions, defeased or purchased by the City and surrendered for cancellation, the principal amount of the Term Bond so redeemed, defeased or purchased (irrespective of its actual redemption or purchase price) shall be credited against one or more scheduled mandatory redemption installments for that Term Bond. The City shall determine the manner in which the credit is to be allocated and shall notify the Bond Registrar in writing of its allocation prior to the earliest mandatory redemption date for that Term Bond for which notice of redemption has not already been given.

(c) Selection of Bonds for Redemption; Partial Redemption. If fewer than all of the outstanding Bonds are to be redeemed at the option of the City, the City shall select the Series and maturities to be redeemed. If fewer than all of the outstanding Bonds of a maturity of

a Series are to be redeemed, the Securities Depository shall select Bonds registered in the name of the Securities Depository to be redeemed in accordance with the Letter of Representations, and the Bond Registrar shall select all other Bonds to be redeemed randomly in such manner as the Bond Registrar shall determine. All or a portion of the principal amount of any Bond that is to be redeemed may be redeemed in any Authorized Denomination. If less than all of the outstanding principal amount of any Bond is redeemed, upon surrender of that Bond to the Bond Registrar, there shall be issued to the Registered Owner, without charge, a new Bond (or Bonds, at the option of the Registered Owner) of the same Series, maturity and interest rate in any Authorized Denomination in the aggregate principal amount to remain outstanding.

(d) Notice of Redemption. Notice of redemption of each Bond registered in the name of the Securities Depository shall be given in accordance with the Letter of Representations. Notice of redemption of each other Bond, unless waived by the Registered Owner, shall be given by the Bond Registrar not less than 20 nor more than 60 days prior to the date fixed for redemption by first-class mail, postage prepaid, to the Registered Owner at the address appearing on the Bond Register on the Record Date. The requirements of the preceding sentence shall be satisfied when notice has been mailed as so provided, whether or not it is actually received by an Owner. In addition, the redemption notice shall be mailed or sent electronically within the same period to the MSRB (if required under the Undertaking), to each Rating Agency, and to such other persons and with such additional information as the Finance Director shall determine, but these additional mailings shall not be a condition precedent to the redemption of any Bond.

In the case of an optional redemption, the notice of redemption may state that the City retains the right to rescind the redemption notice and the redemption by giving a notice of rescission to the affected Registered Owners at any time on or prior to the date fixed for redemption. Any notice of optional redemption that is so rescinded shall be of no effect, and each Bond for which a notice of redemption has been rescinded shall remain outstanding.

(f) Effect of Redemption. Interest on each Bond called for redemption shall cease to accrue on the date fixed for redemption, unless either the notice of optional redemption is rescinded as set forth above, or money sufficient to effect such redemption is not on deposit in the Bond Fund or in a trust account established to refund or defease the Bond.

(g) Purchase of Bonds. The City reserves the right to purchase any or all of the Bonds offered to the City at any time at any price acceptable to the City plus accrued interest to the date of purchase.

Section 3.4 Form of Bonds; Signatures and Seal. Each Bond shall be prepared in a form consistent with the provisions of this ordinance and State law. Each Bond shall be signed by the Mayor and the City Clerk, either or both of whose signatures may be manual or in facsimile, and the seal of the City or a facsimile reproduction thereof shall be impressed or printed thereon. If any officer whose manual or facsimile signature appears on a Bond ceases to be an officer of the City authorized to sign bonds before the Bond bearing his or her manual or facsimile signature is authenticated by the Bond Registrar, or issued or delivered by the City, that Bond nevertheless may be authenticated, issued and delivered and, when authenticated, issued

and delivered, shall be as binding on the City as though that person had continued to be an officer of the City authorized to sign bonds. Any Bond also may be signed on behalf of the City by any person who, on the actual date of signing of the Bond, is an officer of the City authorized to sign bonds, although he or she did not hold the required office on its Issue Date.

Section 3.5 Authentication. Only a Bond bearing a Certificate of Authentication in substantially the following form, manually signed by the Bond Registrar, shall be valid or obligatory for any purpose or entitled to the benefits of this ordinance: “Certificate Of Authentication. This Bond is one of the fully registered City of Camas, Washington, Water and Sewer Revenue and Refunding Bonds, 2015.” The authorized signing of a Certificate of Authentication shall be conclusive evidence that the Bond so authenticated has been duly executed, authenticated and delivered and is entitled to the benefits of this ordinance.

Section 3.6 Lost or Destroyed Bonds. In case any of the Bonds shall be lost, stolen or destroyed, the Bond Registrar may authenticate and deliver a new bond or bonds of like amount, date, tenor and effect to the Registered Owner or nominee thereof upon payment to the City for the expenses and charges in connection therewith and upon his or her filing with the Bond Registrar evidence satisfactory to said Bond Registrar that such Bond or Bonds were actually lost, stolen or destroyed and of his ownership thereof, and upon furnishing the City with indemnity satisfactory to them both.

ARTICLE IV CREATION OF FUNDS AND ACCOUNTS

Section 4.1 Project Fund. There is hereby authorized to be created a fund for the purpose of paying the costs of additions to, betterments and extensions of the System (the “Project Fund”). The proceeds of sale of the portion of the Bonds used to finance the Projects shall be paid into the Project Fund.

The money in the Project Fund shall be used for the sole purpose of paying the costs of the Project and all of the expenses incidental thereto, that may include expenses incidental to the issuance of the Bonds. The money in the Project Fund not immediately needed for the Project may be invested in such obligations as may be permitted cities of the State by law. All interest earned and/or income derived by virtue of any such investments shall remain in the Project Fund and be used for the purpose for which said Project Fund is created.

Any money remaining in the Project Fund after all of costs of the Project have been paid shall be transferred to the Bond Fund and/or the Reserve Account.

Section 4.2 Revenue Fund. There has been created by Section 4 of Ordinance No. 781 of the City a special fund of the City known as the “Water and Sewer Revenue Fund” (“Revenue Fund”), into which fund the City has obligated and bound itself to pay all of the Gross Revenue of the System as collected. The money in the Revenue Fund shall be kept segregated from any and all other money of the City.

All Operation and Maintenance Costs, all payments required to be made into the Bond Fund and Reserve Account and all payments which may be required later to be made into any

other fund or account of the City or for any other proper purpose in connection with the operation and ownership of the System shall be paid out of the Revenue Fund.

Section 4.3 Bond Fund. There has been created by Section 5 of Ordinance No. 1036 of the City another special fund of the City known as the “Water-Sewer Revenue Bond Fund” (the “Bond Fund”), which fund shall be drawn upon for the sole purpose of paying the principal of, premium if any, and interest on the Parity Bonds.

The City hereby covenants to set aside and pay into the Bond Fund out of the Revenue Fund the amounts necessary, together with Assessment Income and such other funds as are on hand and available in the Bond Fund, to pay the principal of and interest on the Parity Bonds as the same respectively become due and payable.

Section 4.4 Reserve Account. A Reserve Account has heretofore been created in the Bond Fund by Ordinance No. 1036 for the purpose of securing the payment of the principal of and interest on all Parity Bonds.

At closing, the City shall deposit into the Reserve Account proceeds of the Bonds in an amount so that there will be on deposit in the Reserve Account a total amount at least equal to the Reserve Account Requirement.

The City will at all times maintain the Reserve Account Requirement in the Reserve Account until there is a sufficient amount in the Bond Fund and Reserve Account to pay the principal of, premium if any and interest on all outstanding Parity Bonds, at which time the money in the Reserve Account may be used to pay such principal, premium, if any, and interest.

In the event the Bonds are ever refunded or defeased, the money set aside in the Reserve Account to secure the payment of the Bonds may be used to retire Bonds, may remain in the Reserve Account, or may be transferred to any other reserve account which may be created to secure the payment of the bonds issued to refund the Bonds.

In the event the money in the Bond Fund over and above the amount therein set aside and credited to the Reserve Account is insufficient to meet maturing installments of either principal of or interest on any outstanding Parity Bonds, such deficiency shall be made up from the Reserve Account by the withdrawal of money therefrom. Any deficiency created in the Reserve Account by reason of any such withdrawal shall then be made up from money in the Revenue Fund or from Assessment Income first available after making necessary provision for the payments required to be made into the Bond Fund.

All money in the Reserve Account or Bond Fund may be kept in cash or invested in such obligations as may now or hereafter be permitted cities and towns of the State by law and maturing not later than the last maturity of any Parity Bonds. Interest earned on or any profits made from the sale of any such investments shall be deposited in and become a part of the Bond Fund or Revenue Fund and shall be considered Gross Revenue of the System.

Any ordinance providing for the issuance of Parity Bonds may provide (or the City may provide by ordinance at any other time) for the City to obtain Qualified Insurance or a Qualified Letter of Credit for specific amounts required pursuant to this section to be paid out of the

Reserve Account. The face amount of any such Qualified Insurance or Qualified Letter of Credit shall be credited against the amounts required to be maintained in the Reserve Account by this section to the extent that such payments and credits to be made are insured by an insurance company, or guaranteed by a letter of credit from a financial institution. Such Qualified Letter of Credit or Qualified Insurance shall not be cancelable on less than five years' notice. In the event of any cancellation, the Reserve Account shall be funded in accordance with the provisions of this section providing for payment to the Reserve Account in the event of a deficiency therein.

Once the Outstanding Parity Bonds are no longer outstanding, the ordinance authorizing Future Parity Bonds may establish a separate reserve account and reserve account requirement for any such Future Parity Bonds or provide that some or all of such Future Parity Bonds be secured by a common reserve account.

Section 4.5 Rate Stabilization Account. A special account of the City to be designated the "Water and Sewer Rate Stabilization Account" (the "Rate Stabilization Account") may be created within the Revenue Fund, at the discretion of the Finance Director, to cope with future increases in revenue requirements of the System. The City may from time to time appropriate or budget amounts in the Revenue Fund for deposit in the Rate Stabilization Account and may from time to time withdraw amounts therefrom to prevent or mitigate water and sewer rate increases or for other lawful purposes of the City related to the System. Once the 1998 Bonds are no longer outstanding, amounts withdrawn from the Rate Stabilization Account shall increase Gross Revenue for the period for which they are withdrawn, and amounts deposited in the Rate Stabilization Account shall reduce Gross Revenue for the period for which they are deposited. Once the 1998 Bonds are no longer outstanding, credits to or from the Rate Stabilization Account that occur within 90 days after the end of a fiscal year may be treated as occurring within such fiscal year. Earnings on the Rate Stabilization Account shall be credited to the Revenue Fund.

Section 4.6 Adequacy of Revenue. The City Council hereby declares that, in fixing the amounts to be paid into the Bond Fund and the Reserve Account as provided above, it has exercised due regard for the necessary Operation and Maintenance Costs of the System and the amounts necessary to pay the principal of and interest on the Outstanding Parity Bonds, and has not obligated the City to set aside and pay into the Bond Fund and Reserve Account a greater amount of revenue of the System and Assessment Income than in its judgment will be available over and above such Operation and Maintenance Costs and the amounts necessary to pay such principal and interest.

Section 4.7 Contract Resource Obligations. The City may at any time enter into one or more contracts or other obligations for the acquisition, from facilities to be constructed, of water or sewer supply, transmission, or service relating to the System. Once the Outstanding Parity Bonds are no longer outstanding, the City may determine that such contract or other obligation is a Contract Resource Obligation, and may provide that all payments under that Contract Resource Obligation (including payments prior to the time that supply, transmission, or service is being provided, or during a suspension or after termination of supply or service) shall be Operation and Maintenance Costs if the following requirements are met at the time such Contract Resource Obligation is entered into:

(a) No event of default has occurred and is continuing.

(b) There shall be on file a certificate of a Professional Utility Consultant or an independent certified public accountant, stating that: (i) the payments to be made by the City in connection with the Contract Resource Obligation are reasonable for the supply, transmission, treatment, or other service rendered; (ii) the source of any new supply, and any facilities to be constructed to provide the supply, transmission, treatment, or other service, are sound from a water or other commodity supply or transmission planning standpoint, are technically and economically feasible in accordance with prudent utility practice, and are likely to provide supply or transmission or other service no later than a date set forth in the Professional Utility Consultant's, or independent certified public accountant's, certification; and (iii) the Net Revenue (further adjusted by the Professional Utility Consultant's, or independent certified public accountant's, estimate of the payments to be made in accordance with the Contract Resource Obligation) for the five fiscal years following the year in which the Contract Resource Obligation is incurred, as such Net Revenue is estimated by the Professional Utility Consultant, or independent certified public accountant (with such estimate based on such factors as he or she considers reasonable), will be at least equal to the rate coverage requirement set forth in Section 5.2(a) of this ordinance.

Payments required to be made under Contract Resource Obligations shall not be subject to acceleration.

Nothing in this section shall be deemed to prevent the City from entering into other agreements for the acquisition of water supply, transmission, treatment, or other commodity or service from existing facilities and from treating those payments as Operation and Maintenance Costs of the System. Nothing in this section shall be deemed to prevent the City from entering into other agreements for the acquisition of water supply, transmission, treatment, or other commodity or service from facilities to be constructed and from agreeing to make payments with respect thereto, such payments constituting a lien and charge on Net Revenue subordinate to that of Parity Bonds.

ARTICLE V COVENANTS

Section 5.1 Pledge; Lien Position of Bondowners. The Net Revenue of the System, Assessment Income, and money in the Bond Fund are hereby pledged to the repayment of the Parity Bonds. The amounts so pledged to be paid by this ordinance out of the Net Revenue of the System and Assessment Income into the Bond Fund are hereby declared to be a prior lien and charge upon the Gross Revenue of the System superior to all other charges of any kind or nature except for the Operation and Maintenance Costs of the System, except that amounts so pledged are equal in rank to the lien and charge thereon heretofore made to pay and secure the payment of the principal of and interest on the Outstanding Parity Bonds and which may hereafter be made to pay and secure the payment of the principal of and interest on any Future Parity Bonds.

Section 5.2 General Covenants. The City hereby covenants and agrees with the owner and holder of each of the Bonds for so long as the same remain outstanding as follows:

(a) The City covenants that it will establish, maintain and collect rates and charges for water and sanitary sewage collection and disposal service in an amount to provide Net Revenue together with Assessment Income in amounts necessary to at least equal the Coverage Requirement. When the Outstanding Parity Bonds are no longer outstanding, for the purpose of meeting the requirement of this paragraph there may be added to Net Revenue for any calendar year any amount withdrawn from the Rate Stabilization Account and credited to Gross Revenue as provided in Section 4.5 of this ordinance. There shall be subtracted from Net Revenue for any calendar year any amounts in such year withdrawn from the Revenue Fund and deposited into the Rate Stabilization Account in such calendar year.

When the Outstanding Parity Bonds are no longer outstanding, the failure to collect Gross Revenue in any fiscal year sufficient to comply with the covenant contained in this subsection shall not constitute an event of default if the City, before the 90th day of the following fiscal year, both (1) employs a Professional Utility Consultant to recommend changes in the City's rates which are estimated to produce Gross Revenue sufficient (once the rates recommended by the Professional Utility Consultant have been imposed by the City) to meet the requirements of this subsection; and (2) imposes rates at least as high as those recommended by such professional utility consultant at the time or times so recommended.

(b) The City shall determine by March 1 of each year all Assessments which have become delinquent during the preceding calendar year and bring the necessary actions of foreclosure upon the property against which such Assessments were levied by June 1 of such year or, if later, the earliest date permitted by law. The City shall promptly take action to enforce the payment of delinquent service charges by such means as are legally available.

(c) The City will at all times maintain and keep said System in good repair, working order and condition and will also at all times operate the same and the business in connection therewith in an efficient manner and at a reasonable cost.

(d) The City will not sell or otherwise dispose of any of the properties of the System (unless such properties are no longer useful for the operation of such System), unless provision is made for payment into the Bond Fund of a sum sufficient, together with other money available therefor, to pay the principal of and interest on all of the outstanding Parity Bonds in accordance with their terms. Once the 1998 Bonds are no longer outstanding, the City will not sell or otherwise dispose of the System in its entirety unless simultaneously with such sale or disposition provision is made for payment into the Bond Fund of cash or Government Obligations (as now or hereafter defined in chapter 39.53 RCW) sufficient to pay the principal of and interest on all then outstanding Parity Bonds in accordance with the terms thereof nor will it sell or otherwise dispose of any part of the useful operating properties of the System in excess of 5% of the net utility plant of the System unless provision is made for payment into the Bond Fund of an amount which shall be in at least the same proportion to the net amount of Parity Bonds outstanding (defined as the total amount of such Parity Bonds less the amount of cash and investments in the Bond Fund and accounts therein) that the Net Revenue from the portion of the System sold or disposed of for the preceding fiscal year bears to the Net Revenue of the System for the same period.

(e) It will not issue any Future Parity Bonds except that it reserves the right for:

(i) The purpose of acquiring, constructing and installing additions to and betterments and extensions of, acquiring necessary equipment for, or making necessary repairs or capital improvements to or replacements of equipment of, the System; or

(ii) The purpose of refunding, exchanging with or purchasing and retiring prior to their maturity the outstanding revenue bonds or warrants of the City, to issue Future Parity Bonds and to pledge that payments shall be made out of the Revenue Fund and Assessment Income into the Bond Fund and Reserve Account to pay and secure the payment of the principal of and interest on such Future Parity Bonds on a parity with the payments required to be made out of the Revenue Fund and from Assessment Income into the Bond Fund and the Reserve Account therein and the special Reserve Fund to pay and secure the payment of the principal of and interest on the outstanding Parity Bonds upon compliance with the following conditions:

First: That at the time of the issuance of such Future Parity Bonds there is no deficiency in the Bond Fund and the Reserve Account therein.

Second: That if there are Assessments levied in any ULID in which additions and improvements to and extensions of the System will be constructed from the proceeds of such Future Parity Bonds, the ordinance authorizing such Future Parity Bonds requires that such Assessments shall be paid into the Bond Fund.

Third: That if there are Assessments pledged to be paid into a warrant or bond redemption fund for revenue bonds or warrants being refunded by Future Parity Bonds, the ordinance authorizing the Future Parity Bonds requires such Assessments shall be paid into the Bond Fund.

Fourth: That the City will covenant in each ordinance authorizing the issuance of Future Parity Bonds that it will establish, maintain and collect rates and charges for water and sanitary sewage collection and disposal service for as long as the Bonds and any Parity Bonds are outstanding in an amount, together with Assessment Income, to at least equal the Coverage Requirement.

Fifth: That the ordinance providing for the issuance of any such Future Parity Bonds shall provide for the payment of the principal thereof and interest thereon out of the Bond Fund and that it will pay into the Reserve Account out of the Gross Revenue of the System (or, at the option of the City, out of Assessment Income or any other funds legally available for such purpose) not less than approximately equal additional annual future payments so that by five years from the date of such Future Parity Bonds there will have been paid into the Reserve Account an amount which, with the money already on deposit therein, will be equal to the Maximum Annual Debt Service, or the Reserve Account Requirement, as applicable.

Sixth: That at the time of the issuance of such Future Parity Bonds the City shall have on file in the office of the Finance Director a certificate executed by a Professional Utility Consultant licensed to practice in the State and experienced in the

installation and operation of municipal utilities or a certified public accountant, showing that the net revenue of the System for a period of any 12 months out of the 24 months immediately preceding the month of delivery of such Future Parity Bonds, plus his or her estimate of the annual net revenue to be derived by the City from the operation of any additions to and betterments and extensions of the System to be acquired, constructed and installed out of the proceeds of the sale of such Future Parity Bonds (the “Adjusted Net Revenue”), will equal at least the Coverage Requirement.

The words “net revenue” as first used in subparagraph Sixth above shall mean the Gross Revenue of the System for said twelve-month period after deducting therefrom the amount expended for the normal Operation and Maintenance Costs of the System for such twelve months, but before depreciation and before any transfer of moneys to any funds of the City other than the Bond Fund, and taxes or payments in lieu of taxes to the City. If there were any customers added to the System during such twelve-month period, such net revenue may be computed on the basis that such customers were customers of the System during such period.

The words “annual net revenue” as first used in subparagraph Sixth above shall mean such Professional Utility Consultant’s or such certified public accountant’s estimate of the annual Gross Revenue to be derived by the City from the operation of the additions to and betterments and extensions of the System acquired, constructed and installed out of the proceeds of the sale of such additional bonds, based upon an actual count of customers, less his or her estimate of any increased annual normal operating and maintenance expenses of the System allocable to such additions, improvements and extensions.

Whenever “net revenue” or “annual net revenue” has been determined as provided in this subsection, the same shall be increased or decreased on a pro forma basis in the event that there has been any change in the rates or charges upon which such “net revenue” or “annual net revenue” was based authorized by the City Council to be effective at least fifteen days prior to the sale of such Future Parity Bonds.

Once the 1998 Bonds are no longer outstanding, at the time of the issuance of such Future Parity Bonds, the City shall have on file in the office of the Finance Director either the certificate of the Professional Utility Consultant as provided above or a certificate signed by the Finance Director that shall set forth:

- (i) the amount of the Net Revenues for any 12 consecutive months of the 24 months prior to the date of the issuance of such Future Parity Bonds;
- (ii) the amount of the Maximum Annual Debt Service thereafter on account of all Parity Bonds then outstanding and the Future Parity Bonds then to be issued hereunder; and
- (iii) the percentage derived by dividing the amount shown in (i) above by the amount shown in (ii) above, and shall state that such percentage is not less than the Coverage Requirement.

In the event that such Future Parity Bonds are issued for the sole purpose of refunding a like principal amount of Parity Bonds, and the average annual amount required for debt service

during the life of said Future Parity Bonds to be issued is less than the average annual amount required for debt service on the bonds being refunded and the last maturity date of such Future Parity Bonds to be issued is not later than the last maturity date of the bonds being refunded, then the certificate required above need not be obtained to permit the issuance of such Future Parity Bonds.

(f) Nothing herein contained shall prevent the City from issuing revenue bonds or revenue warrants which are a charge upon the money in the Revenue Fund junior or inferior to the payments required to be made to pay and secure the payment of the principal of and interest on the outstanding Parity Bonds or from issuing revenue bonds to refund maturing revenue bonds for the payment of which moneys are not otherwise available.

Section 5.3 Preservation of Tax Exemption for Interest on Bonds. The City covenants that it will take all actions necessary to prevent interest on the Bonds from being included in gross income for federal income tax purposes, and it will neither take any action nor make or permit any use of proceeds of the Bonds or other funds of the City treated as proceeds of the Bonds that will cause interest on the Bonds to be included in gross income for federal income tax purposes. The City also covenants that it will, to the extent the arbitrage rebate requirements of Section 148 of the Code are applicable to the Bonds, take all actions necessary to comply (or to be treated as having complied) with those requirements in connection with the Bonds.

Section 5.4 Post-Issuance Compliance. The Finance Director is authorized and directed to review and revise the City's written procedures to facilitate compliance by the City with the covenants in this ordinance and the applicable requirements of the Code that must be satisfied after the Issue Date to prevent interest on the Bonds from being included in gross income for federal tax purposes.

Section 5.5 Designation of Bonds as "Qualified Tax-Exempt Obligations." The Bonds may be designated as "qualified tax-exempt obligations" for the purposes of Section 265(b)(3) of the Code, if the following conditions are met:

(a) the Bonds do not constitute "private activity bonds" within the meaning of Section 141 of the Code;

(b) the reasonably anticipated amount of tax-exempt obligations (other than private activity bonds and other obligations not required to be included in such calculation) that the City and any entity subordinate to the City (including any entity that the City controls, that derives its authority to issue tax-exempt obligations from the City, or that issues tax-exempt obligations on behalf of the City) will issue during the calendar year in which the Bonds are issued will not exceed \$10,000,000; and

(c) the amount of tax-exempt obligations, including the Bonds, designated by the City as "qualified tax-exempt obligations" for the purposes of Section 265(b)(3) of the Code during the calendar year in which the Bonds are issued does not exceed \$10,000,000.

The pledge of gross revenue and other obligations of the City under the Bond Ordinance may be discharged at or prior to the maturity or redemption of the bonds of this issue upon the making of provision for the payment thereof on the terms and conditions set forth in the Bond Ordinance.

This Bond is one of a total issue of \$_____ par value of the Bonds, all of like date and tenor, except as to maturity, redemption provisions and interest rates, all payable from the Bond Fund and all issued by the City under and pursuant to the laws of the State of Washington and the Bond Ordinance for the purpose of providing funds to pay the cost of certain capital improvements to the water and sewer system of the City as specified in the Bond Ordinance.

(a) To add to the covenants and agreements of the City in this ordinance other covenants and agreements thereafter to be observed, or to surrender any right or power herein reserved to or conferred upon the City.

(b) To make such provisions for the purpose of curing any ambiguity or of curing, correcting or supplementing any defective provision contained in this ordinance or in regard to matters or questions arising under this ordinance as the City Council may deem necessary or desirable and not inconsistent with this ordinance and which shall not adversely affect the interests of the Registered Owners of the Bonds.

Any such supplemental ordinance of the City Council may be adopted without the consent of the Registered Owners of any of the Bonds at any time outstanding, notwithstanding any of the provisions of Section 7.2 of this Article VII.

Section 7.2 Supplemental Ordinance With Consent of Bond Owners. With the consent of the Registered Owners of not less than two-thirds in aggregate principal amount of the Parity Bonds at the time outstanding, the City Council may adopt an ordinance supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this ordinance or of any supplemental ordinance; provided, however, that no such supplemental ordinance shall:

(a) Extend the fixed maturity of any of the Bonds, or reduce the rate of interest thereon, or extend the time of payments of interest from their due date, or reduce the amount of the principal thereof, or reduce any premium payable on the redemption thereof, without the consent of the holder of each Bond so affected; or

(b) Reduce the aforesaid percentage of holders of Bonds required to approve any such supplemental ordinance without the consent of the holders of all of the Bonds then outstanding.

It shall not be necessary for the consent of the Registered Owners under this Section 7.2 to approve the particular form of any proposed supplemental ordinance, but it shall be sufficient if such consent shall approve the substance thereof.

Section 7.3 Effect of Supplemental Ordinance. Upon the adoption of any supplemental ordinance pursuant to the provisions of this Article VII, this ordinance shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations of the City under this ordinance and of all Registered Owners of Bonds outstanding hereunder shall thereafter be determined, exercised and enforced thereunder, subject in all respects to such modification and amendments, and all the terms and conditions of any such supplemental ordinance shall be deemed to be part of the terms and conditions of this ordinance for any and all purposes.

Bonds executed and delivered after the execution of any supplemental ordinance adopted pursuant to the provisions of this Article VII may bear a notation as to any matter provided for in such supplemental ordinance, and if such supplemental ordinance shall so provide, new bonds so modified as to conform, in the opinion of the Council, to any modification of this ordinance contained in any such supplemental ordinance, may be prepared by the City and delivered without cost to the holders of the Bonds then outstanding, upon surrender for cancellation of such bonds, if any, not fully paid, in equal aggregate principal amounts.

ARTICLE VIII

(c) *Amendment of Undertaking.* This Undertaking is subject to amendment after the primary offering of the Bonds without the consent of any holder of any Bond, or of any broker, dealer, municipal securities dealer, participating underwriter, Rating Agency or the MSRB, under the circumstances and in the manner permitted by Rule 15c2-12. The City will give notice to the MSRB of the substance (or provide a copy) of any amendment to the Undertaking and a brief statement of the reasons for the amendment. (d) *Beneficiaries.* This Undertaking shall inure to the benefit of the City and the holder of each Bond, and shall not inure to the benefit of or create any rights in any other person.

(e) *Termination of Undertaking.* The City's obligations under this Undertaking shall terminate upon the redemption, maturity or legal defeasance of all of the Bonds. In addition, the City's obligations under this Undertaking shall terminate if the provisions of Rule 15c2-12 that require the City to comply with this Undertaking become legally inapplicable in respect of the Bonds for any reason, as confirmed by an opinion of Bond Counsel delivered to the City, and the City provides timely notice of such termination to the MSRB.

(f) *Remedy for Failure to Comply with Undertaking.* As soon as practicable after the City learns of any failure to comply with this Undertaking, the City will proceed with due diligence to cause such noncompliance to be corrected. No failure by the City or other obligated person to comply with this Undertaking shall constitute an event of default under this ordinance. ARTICLE IX REFUNDING PROVISIONS

Section 9.1 Refunding of the Refunded Bonds.

(a) *Appointment of Refunding Trustee.* The Designated Representative is authorized to appoint a Refunding Trustee in connection with the Bonds.

(b) *Use of Bond Proceeds; Acquisition of Acquired Obligations.* The portion of the proceeds of the sale of the Bonds used to carry out the Refunding Plan shall be deposited immediately upon the receipt thereof with the Refunding Trustee and used to discharge the obligations of the City relating to the Refunded Bonds under Ordinance Nos. 2181 and 2490 by providing for the payment of the amounts required to be paid by the Refunding Plan. To the extent practicable, such obligations shall be discharged fully by the Refunding Trustee’s simultaneous purchase of the Acquired Obligations, bearing such interest and maturing as to principal and interest in such amounts and at such times so as to provide, together with a beginning cash balance, if necessary, for the payment of the amount required to be paid by the Refunding Plan. The Acquired Obligations will be listed and more particularly described in an exhibit to be attached to the Refunding Trust Agreement between the City and the Refunding Trustee, but are subject to substitution as set forth below. Any Bond proceeds or other money deposited with the Refunding Trustee not needed to purchase the Acquired Obligations and provide a beginning cash balance, if any, and pay the costs of issuance of the Bonds shall be returned to the City at the time of delivery of the Bonds to the initial purchaser thereof and deposited in the Bond Fund to pay interest on the Bonds on the first interest payment date.

If payment of the costs of issuance of the Bonds is not included in the Refunding Plan, the Bond proceeds that are not deposited with the Refunding Trustee will be deposited with the City to be used to pay the costs of issuance of the Bonds.

(c) *Substitution of Acquired Obligations.* Prior to the purchase of any Acquired Obligations by the Refunding Trustee, the City reserves the right to substitute other direct, noncallable obligations of the United States of America (“Substitute Obligations”) for any of the Acquired Obligations and to use any savings created thereby for any lawful City purpose

if, (a) in the opinion of the City's bond counsel, the interest on the Bonds and the Refunded Bonds will remain excluded from gross income for federal income tax purposes under Sections 103, 148, and 149(d) of the Code, and (b) such substitution shall not impair the timely payment of the amounts required to be paid by the Refunding Plan, as verified by a nationally recognized independent certified public accounting firm.

After the purchase of the Acquired Obligations by the Refunding Trustee, the City reserves the right to substitute therefor cash or Substitute Obligations subject to the conditions that such money or securities held by the Refunding Trustee shall be sufficient to carry out the Refunding Plan, that such substitution will not cause the Bonds or the Refunded Bonds to be arbitrage bonds within the meaning of Section 148 of the Code and regulations thereunder in effect on the date of such substitution and applicable to obligations issued on the issue dates of the Bonds and the Refunded Bonds, as applicable, and that the City obtain, at its expense: (1) a verification by a nationally recognized independent certified public accounting firm acceptable to the Refunding Trustee confirming that the payments of principal of and interest on the substitute securities, if paid when due, and any other money held by the Refunding Trustee will be sufficient to carry out the Refunding Plan; and (2) an opinion from a nationally recognized bond counsel to the City, to the effect that the disposition and substitution or purchase of such securities, under the statutes, rules, and regulations then in force and applicable to the Bonds, will not cause the interest on the Bonds or the Refunded Bonds to be included in gross income for federal income tax purposes and that such disposition and substitution or purchase is in compliance with the statutes and regulations applicable to the Bonds. Any surplus money resulting from the sale, transfer, other disposition, or redemption of the Acquired Obligations and the substitutions therefor shall be released from the trust estate and transferred to the City to be used for any lawful City purpose.

(d) *Administration of Refunding Plan.* The Refunding Trustee is authorized and directed to purchase the Acquired Obligations (or substitute obligations), if so directed by the Designated Representative, and to make the payments required to be made by the Refunding Plan from the Acquired Obligations (or substitute obligations) and money deposited with the Refunding Trustee pursuant to this ordinance. All Acquired Obligations (or substitute obligations) and the money deposited with the Refunding Trustee and any income therefrom shall be held irrevocably, invested and applied in accordance with the provisions of Ordinance Nos. 2181 and 2490, this ordinance, chapter 39.53 RCW and other applicable statutes of the State and the Refunding Trust Agreement. All necessary and proper fees, compensation, and expenses of the Refunding Trustee for the Bonds and all other costs incidental to the setting up of the escrow to accomplish the refunding of the Refunded Bonds and costs related to the issuance and delivery of the Bonds, including bond printing, verification fees, Bond Counsel's fees, and other related expenses, shall be paid out of the proceeds of the Bonds.

(e) *Authorization for Refunding Trust Agreement.* To carry out the Refunding Plan provided for by this ordinance, the Designated Representative is authorized and directed to execute and deliver to the Refunding Trustee a Refunding Trust Agreement setting forth the duties, obligations and responsibilities of the Refunding Trustee in connection with the payment, redemption, and retirement of the Refunded Bonds as provided herein and stating that the provisions for payment of the fees, compensation, and expenses of such Refunding Trustee set forth therein are satisfactory to it. Prior to executing the Refunding Trust Agreement, the

Designated Representative of the City is authorized to make such changes therein that do not change the substance and purpose thereof or that assure that the escrow provided therein and the Bonds are in compliance with the requirements of federal law governing the exclusion of interest on the Bonds from gross income for federal income tax purposes.

Section 9.2 Call for Redemption of the Refunded Bonds. The City calls for redemption on such date or dates as determined by the Designated Representative, all of the Refunded Bonds at par plus accrued interest. Such call for redemption shall be irrevocable after the delivery of the Bonds to the Purchaser.

The proper City officials are authorized and directed to give or cause to be given such notices as required, at the times and in the manner required, pursuant to Ordinance Nos. 2181 and 2490, applicable, in order to effect the redemption prior to their maturity of the Refunded Bonds.

Section 9.3 Findings with Respect to Refunding. The City Council authorizes the Designated Representative to issue the Bonds to refund the Refunded Bonds if it will achieve debt service savings to the City and is in the best interest of the City and its ratepayers and in the public interest. In making such finding and determination, the Designated Representative will give consideration to the fixed maturities of the Bonds and the Refunded Bonds, the costs of issuance of the Bonds and the known earned income from the investment of the proceeds of the issuance and sale of the Bonds and other money of the City used in the Refunding Plan, if any, pending payment and redemption of the Refunded Bonds.

The Designated Representative may also purchase Acquired Obligations to be deposited with the Refunding Trustee, together with the income therefrom, and with any necessary beginning cash balance, which will be sufficient to redeem the Refunded Bonds and will discharge and satisfy the obligations of the City under Ordinance Nos. 2181 and 2490 with respect to the Refunded Bonds, and the pledges, charges, trusts, covenants, and agreements of the City therein made or provided for as to the Refunded Bonds, and that the Refunded Bonds shall no longer be deemed to be outstanding under such ordinance immediately upon the deposit of such money with the Refunding Trustee.

ARTICLE X
SALE OF BONDS, APPROVAL OF OFFICIAL STATEMENT, DEFEASANCE,
MISCELLANEOUS

Section 10.1 Sale of the Bonds; Delivery of Bonds. The City Council has determined that it is in the best interest of the City to delegate to the Finance Director, or the City Administrator in her absence (each a “Designated Representative”), the authority to approve the Final Terms of each Series of Bonds, with such additional terms and covenants as the Designated Representative deems advisable, within the following parameters:

(a) The aggregate principal amount of the Bonds does not exceed \$25,000,000;

(b) One or more rates of interest may be fixed for the Bonds, and no rate of interest for any maturity of the Bonds may exceed 6.0%;

(c) The aggregate true interest cost to the City for the Bonds does not exceed 5.0%;

(d) The aggregate purchase price for the Bonds shall not be less than 98% or more than 130% of the aggregate stated principal amount of the Bonds;

(e) The Bonds shall be issued subject to optional and mandatory redemption provisions, including designation of Term Bonds, if any;

(f) The Bonds shall be dated as of the date of their delivery, which date and time for the issuance and delivery of the Bonds is not later than December 31, 2015;

(g) Interest shall be payable at fixed rates semiannually, principal shall be payable annually and the final maturity shall not be later than December 1, 2035; and

(h) There is a minimum net present value savings of 3.0% of the 2007 Refunded Bonds.

In determining the Final Terms of the Bonds, the Designated Representative, in consultation with other City officials and staff and advisors, shall take into account those factors that, in her/his judgment, will result in the lowest true interest cost on the Bonds to their maturity, including, but not limited to current financial market conditions and current interest rates for obligations comparable to the Bonds.

The Bonds shall be sold by negotiated sale to the Purchaser. Subject to the terms and conditions set forth in this Section 10.1, the Designated Representative is hereby authorized to execute the Bond Purchase Agreement on behalf of the City upon her/his determination that the conditions of this Section 10.1 have been met.

Section 10.2 Preparation, Execution and Delivery of the Bonds. The Bonds will be prepared at City expense and will be delivered to the Purchaser in accordance with the Bond Purchase Agreement, together with the approving legal opinion of Bond Counsel regarding the Bonds.

Section 10.3 Preliminary Official Statement Deemed Final. The Designated Representative shall review and, if acceptable to her or him, approve the preliminary Official Statement prepared in connection with each sale of a Series of the Bonds to the public or through a Purchaser as a placement agent. For the sole purpose of the Purchaser's compliance with paragraph (b)(1) of Rule 15c2-12, if applicable, the Designated Representative is authorized to deem that preliminary Official Statement final as of its date, except for the omission of information permitted to be omitted by Rule 15c2-12. The City approves the distribution to potential purchasers of the Bonds of a preliminary Official Statement that has approved by the Designated Representative and been deemed final, if applicable, in accordance with this subsection.

Section 10.4 Approval of Final Official Statement. The City approves the preparation of a final Official Statement for each Series of the Bonds to be sold to the public in the form of the preliminary Official Statement that has been approved and deemed final in accordance with

subsection (a), with such modifications and amendments as the Designated Representative deems necessary or desirable, and further authorizes the Designated Representative to execute and deliver such final Official Statement to the Purchaser if required under Rule 15c2-12. The City authorizes and approves the distribution by the Purchaser of the final Official Statement so executed and delivered to purchasers and potential purchasers of a Series of the Bonds.

Section 10.5 Refunding or Defeasance of the Bonds. The City may issue refunding bonds pursuant to State law or use money available from any other lawful source to carry out a refunding or defeasance plan, which may include (a) paying when due the principal of and interest on any or all of the Bonds (the “defeased Bonds”); (b) redeeming the defeased Bonds prior to their maturity; and (c) paying the costs of the refunding or defeasance. If the City sets aside in a special trust fund or escrow account irrevocably pledged to that redemption or defeasance (the “trust account”), money and/or Government Obligations maturing at a time or times and bearing interest in amounts sufficient to redeem, refund or defease the defeased Bonds in accordance with their terms, then all right and interest of the Owners of the defeased Bonds in the covenants of this ordinance and in the funds and accounts obligated to the payment of the defeased Bonds shall cease and become void. Thereafter, the Owners of defeased Bonds shall have the right to receive payment of the principal of and interest on the defeased Bonds solely from the trust account and the defeased Bonds shall be deemed no longer outstanding. In that event, the City may apply money remaining in any fund or account (other than the trust account) established for the payment or redemption of the defeased Bonds to any lawful purpose.

Unless otherwise specified by the City in a refunding or defeasance plan, notice of refunding or defeasance shall be given, and selection of Bonds for any partial refunding or defeasance shall be conducted, in the manner prescribed in this ordinance for the redemption of Bonds.

Section 10.6 General Authorization and Ratification. The Mayor, City Administrator, Finance Director and other appropriate officers of the City are severally authorized to take such actions and to execute such documents as in their judgment may be necessary or desirable to carry out the transactions contemplated in connection with this ordinance, and to do everything necessary for the prompt delivery of each Series of the Bonds to the Purchaser thereof and for the proper application, use and investment of the proceeds of the Bonds. All actions taken prior to the effective date of this ordinance in furtherance of the purposes described in this ordinance and not inconsistent with the terms of this ordinance are ratified and confirmed in all respects.

Section 10.7 Severability. The provisions of this ordinance are declared to be separate and severable. If a court of competent jurisdiction, all appeals having been exhausted or all appeal periods having run, finds any provision of this ordinance to be invalid or unenforceable as to any person or circumstance, such offending provision shall, if feasible, be deemed to be modified to be within the limits of enforceability or validity. However, if the offending provision cannot be so modified, it shall be null and void with respect to the particular person or circumstance, and all other provisions of this ordinance in all other respects, and the offending provision with respect to all other persons and all other circumstances, shall remain valid and enforceable.

Section 10.8 Effective Date of Ordinance. This ordinance shall take effect and be in force from and after its passage and five days following its publication as required by law.
