## **INITIATIVE: Service Levels – Define and prioritize**

*A Level of Service Analysis was successfully completed by each department in 2019 and presented to City Council, providing details about current service levels, staffing concerns and prioritizing future recommendations.*

*From this initiative:*

- ✓ **A greater understanding of City staffing needs was identified, and**
- ✓ **Staff was added in the 2019-2020 budget to improve services**

*The analysis did not include Performance Level metrics:*

- ✓ **Some pending software will assist with metrics**
  - ✓ **Is this something Council still wants?**

## **INITIATIVE: Develop Technology Roadmap**

Over the past year, the Technology Department and Management Team have been working to define the City's Technology Roadmap. We have identified five essential city-wide goals:

- ✓ **Improve Citizen Engagement and Customer Service**
- ✓ **Enhance Infrastructure and Resources Through Innovation**
- ✓ **Protect and Secure People, Systems and Data**
- ✓ **Plan for People, Growth and Change**
- ✓ **Mobilize the Workforce**

**Technology Projects, Scheduling and Progress:** Supporting each initiative from planning to implementation as projects are approved and funded. *(Report attached to Roadmap – Updates Ongoing)*

**Future Development and Upgrades:** The City's Roadmap will also identify and track long term technology projects and investment needs which will aid in planning for large expenditures that impact the City's Budget. *(Report attached to Roadmap – Updated Yearly during Budget Review)*

## INITIATIVE: Community Engagement and Communications Plan

In 2018 a Committee formed:

- ✓ **REVIEW:** Reviewed current communications tools, processes and procedures, staffing and other resources
- ✓ **IDENTIFY:** weaknesses and recommend areas needing immediate improvement
- ✓ **CREATE:** a Communications Strategic Plan has been created to establish goals and organize a plan for improvements in community engagement while providing more timely information to our citizens

The Communications Plan is in its final stage of development -- identifies three goals:

- ✓ **EXTERNAL COMMUNICATIONS:** Establish a sustainable communications framework to improve community engagement and outreach
- ✓ **INTERNAL COMMUNICATIONS:** Develop collaborative internal communications strategies
- ✓ **BRANDING AND MARKETING:** Identify and develop unified branding and marketing tools

Staffing needs:

- ✓ A PIO/Communications Specialist is Needed
- ✓ Consultant Hired in interim for social media outreach and other communications

# SUCCESS STORIES

## *INITIATIVE: Improve Communications: Enhance tools and processes within departments, across departments and with council*

Successes: An internal Communications Committee made up representatives of all levels of the organization was established and has met multiple times. The committee provides for a small group environment or forum of representatives from all city departments and all levels of the organization to ensure a multi-directional flow of information and feedback on citywide topics.

Topics to date have included:

- ✓ Inclement weather policy update
- ✓ Growth and Development Activity for 2018
- ✓ Transparent Budgeting
- ✓ Records Management Grant and update of things to come
- ✓ Weekly Updates: Obtained feedback on the effectiveness of the Week In Review newsletter and other ideas to effectively communicate internally with Staff
- ✓ Library Strategic Plan Update feedback

Next Steps: Continue to schedule meetings on topical issues or items.

## ***INITIATIVE: Service Delivery Model – Evaluate Core Services***

*In 2019 the City will begin exploring service delivery models to evaluate options. While many of the services that are provided by the city cannot be done through any other means, that is not the case for all services. Other models exist for the delivery of some services, such as contracting, privatization or public/private cooperative efforts. We will:*

- ✓ **Evaluate:** **WHAT** services are delivered to the public and **HOW** those services are delivered
- ✓ **Identify:** both positive and negative aspects of each service delivery method

*Answering the question:*

***"Are we providing the service to our community using the BEST delivery model?"***
