

Staff Report

November 4, 2019 Council Regular Meeting

Resolution 19-014 Adopting the 2019 Water System Plan

Staff Contact	Phone	Email
Sam Adams, Utilities Manager	360.817.1563	sadams@cityofcamas.us

INTRODUCTION/PURPOSE/SUMMARY: The Department of Health (DOH) requires the 2019 Water System Plan Update be formally adopted by the City Council prior to providing DOH approval of the document. Staff submitted a copy of the Plan to DOH in early 2019 and received comments. None of the comments received significantly change the plan, capital improvement plan, or financial analysis. Staff has addressed all DOH comments on the Water System Plan and it is ready for adoption. Though not anticipated, the Resolution to adopt the Plan is subject to any further revisions required by the Department of Health in response to its final review of the additional material submitted by the City.

The complete Draft Water System Plan may be found on the City's website at <http://cityofcamas/watersystemplan>.

RECOMMENDATION/RECOMMENDED ACTION/ACTION REQUESTED: Staff recommends the City Council adopt the 2019 Water System Plan Update by resolution.
