SCOPE OF WORK

CITY OF CAMAS 18TH AVENUE RESERVOIR ADDITIONAL DESIGN AND CONSTRUCTION MANAGEMENT

This proposal is for additional design engineering services required to complete the 18th Avenue NW Reservoir design and for anticipated engineering services for construction management.

ADDITIONAL DESIGN SERVICES

Because of the protracted land acquisition process and additional services that were not included in the original scope of work, the following additional design tasks are included in this proposal.

Task 1 – Alternative Site Analysis

Gray & Osborne provided engineering support for reviewing alternate sites other than the McKay property. These sites included the Discovery High School parcel, a City of Vancouver parcel, and a site on Green Mountain. The analysis included identifying the required infrastructure at each site to provide the desired storage, as well as cost estimates for each option.

Task 2 – 18th Avenue NW Street Frontage Improvements

Because the project occurred on a parcel that was next to 18th Avenue NW, the City was required to provide frontage improvements including curb, gutter, planting, strip, and sidewalk per City standards. The frontage improvements required design by a traffic engineer to incorporate them into the existing street including incorporating the existing stormwater system into the new site stormwater system, and provide a traffic impact letter for the City's site permit process.

Task 3 – Landscaping

A landscaped buffer strip was included between the sidewalk and the site fencing on the south side of the project and a buffer strip was also included along the easterly edge of the project to provide screening. The services of a landscape architect were employed to develop a planting plan that was incorporated into the planset along with contract specifications. The landscaping plan was also used to develop a rendering of the landscaped project.

Task 4 – Wetlands Issues, JARPA, and Critical Areas Report

Subsequent to the initial design contract, wetlands were found on the site. The presence of wetlands triggered a JARPA permit application and the need for finding wetlands through wetlands banking. In addition, the City's site permit process required a Critical Areas Report by a wetlands biologist, subcontracted to Gray & Osborne.

Task 5 – Additional Land Acquisition Support

During the negotiation with the property owner, Gray & Osborne provided ongoing support including conceptual site plans with potential City and developer improvements to aid in the negotiations with the property owner and eventual purchase of the project site.

Task 6 – Waterline Design

The original contract scope of work assumed that the waterline would be constructed as a separate project under a separate scope of work. Since that time, the City completed the design of the Brady Road waterline and the alignment for the reservoir waterline was chosen. The City then decided to include the waterline in the reservoir project.

Task 7 – Design Per Final Short Plat

The final short plat included a parcel that was smaller than what the original design had assumed. The final short plat included a westerly boundary line that was approximately 25 feet to the east of the property line of the two parcel from which the final parcel was platted. This modification in the site necessitated the redesign of the final site layout including relocating the access road, relocating the reservoir and associated site grading, redesigning the storm and water piping, and modifying the final frontage improvements along 18th Avenue NW.

In addition to the additional design services, this proposal includes construction support services for the project. The assumptions for the construction support scope of work are as follows.

CONSTRUCTION SUPPORT SERVICES

Gray & Osborne will provide construction management support to the City including the following tasks.

Task 1 – Coordinate and Attend Preconstruction Conference.

Task 2 – Setup and maintain the Construction Management System (CMS) for use by City staff, the contractor, and Gray & Osborne for project documentation and communication. The CMS system will be maintained on Gray & Osborne's server.

- **Task 3** Provide submittal review including reviewing all submittals and coordinating with City staff for submittals requiring City staff input.
- **Task 4** Provide onsite resident inspection. The project contract is for 260 working days.
- **Task 5** Provide in office construction support including answering contractor RFI questions, reviewing material testing reports, and other support activities.
- **Task 6** Coordinate and attend construction meetings every 2 weeks for a total of 25 meetings.
- **Task 7** Provide project closeout services including coordinating and attending the final walkthrough, preparing the project punchlist, and documenting project completion.
- **Task 8** Prepare final project documentation.
- **Task 9** Prepare record drawings upon project completions.

Assumptions

The following items are assumed for the Scope of Work.

- All testing including, but not limited to, materials testing, welding inspection, and coating inspection will be performed by testing entities under separate contracts between the City and the entity.
- Gray & Osborne will prepare and coordinate the use of the Construction Management System (CMS) to allow all of the project documentation and communication to be performed on a website with password protected access by the various parties.
- Gray & Osborne will provide office support including submittal review, monthly progress estimates, and other project documentation.

STAFF REPORT

Final Plat for Larkspur Subdivision File No. FP19-04

(Related File: SUB18-03)

TO: City Council

FROM: Lauren Hollenbeck, Senior Planner

Anita Ashton, Project Manager

DATE: January 27, 2020

LOCATION: The development is located at 6215 NW Larkspur Street in the SW ¼ of Section 28,

Township 2 North, Range 3 East, of the Willamette Meridian; and described as tax parcel

175961000.

APPLICANT/OWNER: Gus Harb

Harb Engineering, Inc

701 Columbia Street, Suite 111

Vancouver, WA 98660

APPLICABLE LAW: The final plat application was submitted October 8, 2019, and the applicable codes are those codes that were in effect at the date of application. Camas Municipal Code Chapters (CMC): Title 18 Zoning (not exclusively): CMC Chapter 17.21 Procedures for Public Improvements; and CMC Chapter 18.55 Administration and Procedures; and RCW Chapter 58.17.

BACKGROUND INFORMATION:

- Total site area is 2.09-acres
- Lots: 10 single-family residential
- Zoning: R-7.5 Single-Family Residential

The Larkspur subdivision received preliminary plat approval on July 27, 2018 for 10 residential lots. At the time of writing this staff report the applicant has either completed the improvements on site, or has provided acceptable financial security to complete the improvements pursuant to the Camas Municipal Code.

Staff has reviewed the final plat drawings, lot closures, CC&R's and all other associated final platting documents including the bonding. Staff found that the application met the requirements of Final Plat approval in accordance with CMC§17.21.060.

FINAL PLAT APPROVAL CRITERIA (CMC 17.21.060.E):

- 1. That the proposed final plat bears the required certificates and statements of approval;
- 2. That the title insurance report furnished by the developer/owner confirms the title of the land, and the proposed subdivision is vested in the name of the owner(s) whose signature(s) appears on the plat certificate;
- 3. That the facilities and improvements required to be provided by the developer/owner have been completed or, alternatively, that the developer/owner has submitted with the proposed final plat an improvement bond or other security in conformance with CMC 17.21.040;
- 4. That the plat is certified as accurate by the land surveyor responsible for the plat;
- 5. That the plat is in substantial conformance with the approved preliminary plat; and
- 6. That the plat meets the requirements of Chapter 58.17 RCW and other applicable state and local laws which were in effect at the time of preliminary plat approval.

Finding: The submitted plat meets the requirements of CMC 17.21.060.E, is consistent with the applicable conditions of approval, and with the applicable state and local regulations.

RECOMMENDATION:

Staff recommends that Council **APPROVE** the final plat the Larkspur Subdivision (file#FP19-04) as submitted.

INTERLOCAL AGREEMENT FOR

COMMUTE TRIP REDUCTION

I. Effective Date:

July 1, 2019.

II. Parties:

City of Vancouver, a municipal corporation of the State of

Washington; and

Clark County ("the County"), a municipal corporation of the State of

Washington;

City of Camas, a municipal corporation of the State of Washington;

and,

City of Washougal, a municipal corporation of the State of

Washington

III. Recitals:

- A. In 2006 the Washington legislature passed the "Commute Trip Reduction (CTR) Efficiency Act requiring local governments in urban area with traffic congestion to develop programs that reduce drive-alone trips and vehicle miles traveled per capita. The CTR Efficiency Act amended the 1991, Commute Trip Reduction Law, codified as §70.94.521-.551 RCW.
- B. As required by § 70.94.527(1) RCW of the CTR law as amended, the parties have adopted Commute Trip Reduction ordinances and plans for the purpose of reducing the number of commute trips to work in single occupant vehicles, alleviating air pollution, reducing energy consumption, and addressing traffic congestion problems.

C. As authorized under the CTR law and the Interlocal Cooperation Act, Chapter 39.34 RCW, the parties desire to enter into this Agreement to achieve and maintain compliance with the requirements of the CTR law.

NOW, THEREFORE, BE IT RESOLVED that in consideration of covenants, conditions, performances, and promised hereinafter set forth, the parties hereto agree as follows:

IV. <u>Purpose.</u> The purpose of this Agreement is to establish a mechanism for ensuring compliance with the CTR law, to enable the parties of this Agreement to meet the statutory requirements by the applicable deadlines, and to specifically provide for the definition and coordination of each of the tasks for which the parties to this Agreement will be responsible in achieving the goals and requirements of the CTR law.

V. Funding.

- A. The City of Vancouver will utilize funds received from the Washington State Department of Transportation in the manner described in the 2019-2023 Commute Trip Reduction Work Plan that is attached hereto and incorporated herein, by this reference, as part of this Agreement. The City of Vancouver is authorized to redistribute funds as necessary due to changes in program responsibilities and would do so using an amendment to this agreement if necessary.
- B. The expenditure of funds is subject to the requirements of Washington State Department of Transportation guidelines.
- C. The parties to this Agreement shall use best efforts to jointly apply for additional grant funds to support continued and coordinated implementation of the CTR law.
- VI. <u>Service Provisions.</u> Funds provided to the parties under this Agreement shall be used exclusively for activities undertaken to fulfill the requirements of §§70.94.521-.551 RCW and to implement the tasks as described in the *2019-2023 Commute Trip Reduction Work Plan*.

- VII. Agreement Period. This Agreement shall become effective as of July 1, 2019 and shall terminate on June 30, 2023, unless the Washington State Legislature does not appropriate funding for the Commute Trip Reduction Work Plan in the 2021-2023 biennium. If the Washington State Legislature fails to appropriate funds for the Commute Trip Reduction Work Plan in the 2021-2023 biennium, this Agreement shall terminate on June 30, 2021.
- VIII. <u>Coordination of Work:</u> Each of the parties to this Agreement agrees to use its best efforts to coordinate with the other parties hereto in order to best achieve the purposes of the CTR law.

IX. Disbursement Provisions:

- A. Acting as Program Administrator, the City of Vancouver shall submit an invoice, with an estimate of expenditures by budget categories used by the City for all state CTR funds expended for the purpose of CTR implementation. The period for which these invoices cover all expenses can be determined by the party submitting the invoices, but shall not be submitted more frequently, or cover periods of less than three months.
- B. The City of Vancouver shall submit progress reports, to be forwarded to the Washington State Department of Transportation, accompanying the invoices for covered expenses. These reports should summarize:
 - 1. Recent CTR events and projects;
 - 2. A detailed summary of implementation assistance provided to affected employers within each jurisdiction;
 - 3. A list of scheduled CTR events, projects, and implementation assistance to be provided to affected employers including all CTR training classes

- C. All invoiced items shall be exclusively for activities undertaken to fulfill the requirement of §70.94.521-.551 RCW and in accordance with Washington State Department of Transportation guidelines on the expenditure of funds. Such funds may only be used to implement tasks as described in the 2019-2023 Commute Trip Reduction Work Plan.
- X. <u>Employment Provisions:</u> There shall be no discrimination against any employee who is paid by the funds indicated in the Agreement or against any applicant for such employment because of race, religion, color, sex, marital status, creed, national origin, age, Vietnam era or disabled veterans status, or the presence of any sensory, mental, or physical handicap. This provision shall include, but not be limited to the following: employment, upgrading, demotion, transfer, recruitment, advertising, lay-off or termination, rate of pay or other forms of compensation, and selection for training.
- XI. Agreement Modifications. The governing bodies of the parties hereto may request modifications to this Agreement. Any such changes that are mutually agreed upon by the parties hereto shall be incorporated herein by written amendment of this Agreement. It is mutually agreed and understood that no alteration or variation of the terms of this Agreement shall be valid unless made in writing and signed by the parties hereto and that any oral understanding or agreements not incorporated herein shall not be binding.
- XII. Hold Harmless: It is understood and agreed that this Agreement is solely for the benefit of the parties hereto and gives no right to any other party. No joint venture or partnership is formed as a result of this Agreement. Each party hereto agrees to be responsible and assumes liability for its own negligent acts or omissions, or that of its officers, agents or employees to the fullest extent required by law, and agrees to save, indemnify, defend, and hold the other party harmless from any such liability. In the case of negligence of both parties, any damages allowed shall be levied in proportion to the percentage of negligence attributable to the other party. This indemnification clause shall also apply to any and all causes of action arising out of performance of work activities under this Agreement. Each contract for services or activities utilizing funds

provided in whole or in part by this Agreement shall include a provision that neither the State of Washington nor the parties to this Agreement are liable for damage or claims for damages arising from any subcontractor's performance or activities under the terms of the contracts.

- XIII. Governing Law and Venue: The Agreement shall be construed and enforced in accordance with, and the validity and performance thereof shall be governed by the laws of the State of Washington. Venue of any suit between the parties arising out of this Agreement shall be the Superior Court of Clark County, Washington.
- XIV. <u>Severability:</u> In the event any term or condition of this Agreement or application thereof to any person or circumstances is held invalid, such invalidity shall not affect other terms, conditions or applications of this Agreement which can be given effect without the invalid term, condition or application. To this end the terms and conditions of this Agreement are declared severable.

XV. Recapture Provision:

- A. In the event that a party fails to expend state funds in accordance with state law and/or the provisions of this Agreement, the City of Vancouver reserves the right to recapture state funds in an amount equal to the extent of noncompliance.
- B. Such right of recapture shall exist for a period not to exceed three (3) years following termination of the Agreement. Repayment by the party of state funds under this recapture provision shall occur within thirty (30) days of demand. In the event that the City of Vancouver is required to institute legal proceedings to enforce the recapture provision, the City of Vancouver shall be entitled to its cost thereof, including reasonable attorney's fees, to be compensated by the party.
- C. This Agreement shall be subordinate to and governed by all provisions and terms contained in the *Commute Trip Reduction Implementation Agreement* between City of Vancouver and the Washington State Department of Transportation attached hereto

- XVI. Reduction in Funds: The City of Vancouver may unilaterally terminate all or part of this agreement, or may reduce its scope of work or budget under this Agreement, if there is a reduction of funds by the source of those funds, and if such funds are the basis for this Agreement.
- XVII. Americans with Disabilities Act of 1990, Public Law 101-336 (ADA): Parties to this Agreement must comply with the ADA, which provides comprehensive civil rights protection to individuals with disabilities in the areas of employment, public accommodations, state and local government services, and telecommunications.
- XVIII. <u>Termination:</u> Notwithstanding any provisions of this Agreement, any party may terminate their participation in this Agreement by providing written notice of such termination to all other parties, specifying the effective date thereof, at least thirty (30) days prior to such date. Reimbursement for services performed by any party and not otherwise paid for prior to the effective date of such termination shall be made according to the terms of this Agreement.
- XIX. <u>Property:</u> All equipment, property, or improvement used to effectuate this Agreement shall become the sole property of the Party who provided the equipment, property, or improvement.

IN WITNESS THEREOF the undersigned entities have executed this Agreement as of the date and year written below.

COMMUTE TRIP REDUCTION WORK PLAN

For the Interlocal Agreement covering the 2019-2023 Biennium July 1, 2019 - June 30,2023

COMMUTE TRIP REDUCTION WORK PLAN

I. Introduction

The purpose of this work plan is to establish commute trip reduction (CTR) task descriptions and responsibilities, and associated budgets for each public agency party to the Interlocal Agreement, effective July 1, 2019 - June 30,2023, between the City of Vancouver, Clark County, City of Camas and City of Washougal.

The work plan is divided into four sections: Introduction, Agency Task Descriptions and Responsibilities, Major Goals and Budget.

II. Agency Task Descriptions and Responsibilities

City of Vancouver:

TASK	PURPOSE/GOAL
Employee Transportation Coordinator Networking Meetings	To keep ETC's updated with current information, motivated and trained. Attendance goal – 80%.
Plan regional Transportation Demand Management (TDM) promotional campaigns that will include CTR participating worksites and provide the messaging and content for the campaign promotional materials.	Keep the employees at the CTR participating worksites aware of the benefits of alternative commute options and current campaigns to encourage trying an alternative commute
Identify and notify worksites that may be affected by the CTR law	Employer worksites with 100+ employees that work between 6- 9AM are required by law to participate in the CTR program. The CTR Jurisdiction representatives are to contact those worksites to verify its status and notify the employer if it is a CTR affected worksite.
Conduct ETC Basic Training workshops at least once/year. More workshops will be added if the need exists.	Fulfill the WSDOT requirement to provide ETC Basic Training using the ETC Handbook template provided by WSDOT
Administer the regional Emergency Ride Home (ERH) program	The ERH program provides "peace of mind insurance" to employees to help them overcome the barrier of not having a car accessible at work in the event of an emergency. The local ordinances require CTR employer worksites to offer an ERH program to its employees participating in the CTR program. The current budget supports the CTR program providing an ERH program.
Participate in CTR employer benefit and transportation fairs	The CTR program is committed to supporting the worksite efforts to increase employee participation in CTR by staffing CTR information booths at employer sponsored events. ETC's are encouraged to include the CTR program at the employer sponsored events.
Administer the SW Washington regional TDM Website, GetThereSWWashington.org	Perform routine reviews assuring content, links, etc. are current. Recruit Traveler Spotlight participants featuring regional citizens who utilize non-drive alone travel modes. Update users of

	campaigns, etc.
Oversee the bi-annual employee survey process	The CTR office will coordinate with WSDOT to oversee the CTR employee survey process, making sure 100% of the CTR affected worksites comply with the CTR survey requirement. The next survey is scheduled for Spring, 2021.
Provide technical guidance and support to worksite employers in developing, implementing and/or modifying an employer's CTR program. Oversee the CTR worksite annual reporting process	Provide the training and program materials necessary for CTR affected worksites to submit a CTR Annual Program Report. This includes review of the report and recommendation to the worksites that may increase non-drive alone commutes by the employees. Once reviewed, the CTR Program Report will be submitted to the appropriate CTR Jurisdiction representative for final approval.
Submit a four-year work plan to WSDOT which outlines the major tasks and activities including, but not limited to, employer training and networking activities, employer program review, survey activities, and advertising and promotional campaigns.	Submitted with first Quarterly billing of new four-year contract on or about October following the signing of the WSDOT Transportation Demand Implementation Agreement.
Serve as a liaison between WSDOT CTR office, Clark County, City of Vancouver, City of Camas, and City of Washougal	Fulfill obligation in RCW 70.94.521.551
Coordinate with SW Washington Region Transportation Council (RTC) regarding update of CTR regional plans	Per WSDOT direction, the region's current CTR Plan is going to be implemented for four more years.
Submit invoice to WSDOT on WSDOT approved invoice format along with progress reports, in the format provided in Attachment 1 of the State CTR Contract that accurately assesses the progress made by the county and affected jurisdictions in implementing RCW 70.94.521.551.	Submitted within forty-five (45) days of the end of each six month period. The final progress report filed will discuss lessons learned, challenges and barriers.

>

All Parties to this Agreement (as appropriate)

- A. Meet as needed with the Commute Trip Reduction Steering Group which is made up of Clark County, the City of Vancouver, the City of Camas, City of Washougal and other city jurisdictional representatives if applicable.
- B. Maintain and administer a CTR ordinance and local CTR plans for affected employers in their respective jurisdictions.
- C. Provide WSDOT with a public hearing notice and copies of any proposed amendments to the CTR ordinance, local CTR plans, and/or administrative guidelines within the first week of the public review period and final copies of all actions within one (1) month of adoption.
- D. Establish and maintain books, records, documents, and other evidence and accounting procedures and practices sufficient to properly reflect all direct and indirect costs of whatever nature claimed to have been incurred and anticipated to be incurred solely for the performance of this Agreement. To facilitate the administration of the work described in this agreement, separate accounts shall be established and maintained within the existing accounting system or independently set up. Such accounts are referred to herein collectively as the "CTR Account". All costs charged to the CTR Account, including any approved services contributed by the jurisdictions or others, shall be supported by properly executed payrolls, time records, invoices, contracts, vouchers, or products, proving in proper detail, the nature and propriety of the charges.
- E. Maintain an appeals process. This process must be consistent with RCW 70.94.534(6) and procedures contained in the Commute Trip Reduction Task Force Guidelines whereby employers in the local jurisdictions may obtain an exemption or modification of CTR requirements, including the establishment of alternative SOV/VMT goals. The county, affected jurisdictions, or their designee, will submit requests for exemptions or modifications including requests for goal modifications, to the WSDOT for review and comment within five (5) days of receiving such requests. The county, affected jurisdictions, or their designee, shall not approve or deny any such request until receiving comment on the request as specified by the Clark County/WSDOT CTR Agreement under WSDOT Task, Section 2 Exemption and Modifications.

Washington State Department of Transportation, SW Region

A. Washington State Department of Transportation is not a formal signatory to the interlocal Agreement. It has, however, provided support for commute trip reduction activities over the past fourteen years. It has assisted with training, surveying, developing marketing materials, and has led the effort to make Clark County's CTR program a successful county-wide effort. The Washington State Department of Transportation will be encouraged to continue its involvement and provide its expertise for local commute trip reduction efforts.

III. Major Goals

GOAL	PLAN
Increase carpool and vanpool rates by 2% from 2007 baseline of 7.85% carpool rate to 9.85% (or 516 or more new daily carpool trips – actual numbers vary based on total number of employees surveying, if carpooling decreased since baseline, etc.) by 2023.	 Encourage CTR affected worksites to host carpool matching event at the worksite CTR staff will provide support, materials and subsidy rewards (from TRPP Performance fund) to encourage drive alone commuters to shift to carpool commute Encourage C-TRAN Vanpool program to attend CTR network meetings to promote and explain vanpool formation for the region Utilize GetThereSWWashington to promote carpooling through monthly reward drawings
Increase bicycle commute rates by 2% from 2007 baseline of 1.23% bicycle rate to 2.23% (or 310 or more new daily bicycle trips – actual numbers vary based on total number of employees surveying, if carpooling decreased since baseline, etc. Note this is an exceptionally high goal given national average is 0.6% commuters bike to work.) by 2023.	Utilize GetThereSWWashington to promote cycling through monthly reward drawings Implement Bike Commuting campaigns and other activities to support and encourage bicycling as a commute option
Coordinate regional transportation partners (C-TRAN, SW-WSDOT, RTC, CTR Jurisdictions) to provide input for the statewide WSDOT CTR planning and advance practical solutions in SW Washington	 Attend WSDOT TDM Technical Committee meetings as needed Provide comments and suggestions representative of the SW region as appropriate
Increase vanpool participation	Increase coordination with C-TRAN's vanpool program coordinator to increase awareness and vanpool formation opportunities
Increase awareness of the advantage of using non-drive alone trip options by increasing network opportunities and coordinated efforts with community organizations particularly leading up to and during the I5 Bridge Trunnion Project in the Fall of 2020.	 Promote community transportation options to CTR employer worksites Reach out to non-traditional CTR target audiences, such as churches, multi-family housing communities, etc. to educate about transportation options
Integrate CTR program with the City of Vancouver's Destination Downtown program	 Work with the Destination Downtown Coordinator to promote alternative transportation modes for the downtown businesses Consider impact on parking and ways to address parking demand
Participate and support in local planning efforts to increase awareness about TDM	 Participate in technical advisory committee meetings, coordination meetings, etc. on Provide comments and suggestions representative of the SW region as appropriate

Interlocal Agreement for Commute Trip Reduction (CTR)

Staff Contact	Phone	Email
James Carothers, Engineering Manager	360.817.7230	jcarothers@cityofcamas.us

Purpose:

Local agencies with 100 employees or more are required to participate in the Washington State Commute Trip Reduction (CTR) Program per RCW 70.94. The CTR program is intended to encourage public and private agencies with 100 employees or more to use employee transportation modes other than the single occupancy vehicle. The City of Vancouver coordinates this program for Southwest Washington. The interlocal agreement between the City of Vancouver and the neighboring agencies is updated every two to four years in conjunction with the regional work plan for the area. This agreement transfers the Washington State Department of Transportation (WSDOT) CTR funds for the affected Camas employers to the CTR regional administrator, the City of Vancouver.

Budget:

This agreement does not have a budgetary impact.

Recommendation:

Staff intends to place this agreement on the February 3, 2020 Council Consent Agenda.

MEMORANDUM OF UNDERSTANDING (TRANSPORTATION ISSUES)

THIS ME	MORANDUM OF UNDERSTANDING ("MOU") is made and entered into as of this
day of	, 2020, by and between GME Development, LLC ("GME") and The City of
Camas ("City").	The term GME as used herein shall also refer to any successor owner of the GME
Property.	

RECITALS

- A. GME is the owner of real property located in Camas, Clark County, Washington identified as _____ ("GME Property").
- B. Located adjacent to the GME Property is land owned by the Washington Department of Natural Resources ("**DNR**"). A portion of such land is referred to herein as the "**DNR Property**" and a legal description of the DNR Property is attached as Exhibit A hereto.
- C. The DNR Property is required for future right-of-way and the construction of future transportation infrastructure improvements.
- D. By separate agreement, the City will engage with DNR and oversee the acquisition of a portion of the DNR Property.
- E. The parties are entering into this MOU to provide detail regarding each party's obligations with regard to the acquisition of the DNR Property.

AGREEMENT

NOW, **THEREFORE**, in support of the foregoing premises of this MOU, which are incorporated into the agreement of the parties set forth herein, the undersigned hereby agree as follows:

1. Acquisition of DNR Property

- 1.1. Commencing upon the mutual execution of this MOU, the City will engage with DNR towards the City's purchase of the DNR Property. The City will obtain an appraisal of the DNR Property and upon approval by DNR, will acquire the DNR Property and cause the same to be available for future right-of-way and transportation infrastructure development.
- 1.2. The parties agree that GME shall reimburse the City for all costs the City incurs to acquire the DNR Property including, but not limited to, all appraisal costs, closing costs and the amount the City pays to DNR to acquire the DNR Property. The City shall provide an accounting to GME detailing all costs the City has incurred with supporting documentation and within ten (10) business days following receipt, GME will provide reimbursement to the City.
- 1.3. No provision within this MOU shall be deemed to modify any previously adopted Condition of Approval.

2. MISCELLANEOUS PROVISIONS

2.1. **Authority**. Each person executing this MOU on behalf of a party represents and warrants that such person has the authority to enter into this MOU on the terms and conditions contained herein.

2.2. **Notices**. Any notices, demands, or other communications to be given hereunder must be in writing and must be delivered personally or sent first-class U.S. mail, postage prepaid, addressed to the parties at the addresses set forth below, or at such other address as any party may hereinafter or from time to time designate by written notice to the other parties given accordance herewith. Notice will be considered given when personally delivered or mailed and will be considered received by the party to whom it is addressed on the third day after such notice is given:

- 2.3. **Headings for Convenience**. All headings and captions used herein are for convenience only and are of no meaning in the interpretation or effect of this MOU.
- 2.4. **No Recordation**. This MOU, any portion of this document, or any other document referencing these terms shall not be recorded in the real property records in the State of Washington.
- 2.5. **Entire Agreement**. This MOU constitutes the entire agreement between the parties and cannot be changed or modified, other than in a writing executed by all parties hereto. There are no other agreements, oral or written, with respect to the subject matter hereof, except as expressed herein. If required, the parties shall negotiate in good faith and execute such further or supplemental agreements as may be necessary or proper to carry out the terms set forth herein.
- 2.6. **Interpretation and Governing Law**. This MOU shall be governed by the laws of the State of Washington.
 - 2.7. **Time of the Essence**. Time is of the essence of this MOU and of every provision hereof.
- 2.8. **Counterparts**. This MOU may be executed in multiple counterparts, each of which will be deemed an original, but all of which, together, will constitute one and the same instrument. Digital signatures shall constitute original signatures for purposes of this document.
- 2.9. **Representation**. Each party to this MOU consulted its own counsel regarding the terms of this document. The parties agree that any interpretation of the language contained herein shall not be construed against the drafter.

2.10. **Purpose**. In the event either party shall be precluded from fulfilling its obligations stated herein as the result of a statute, regulation, or ordinance which prohibits or restricts the terms of this MOU from being fully enforced, the parties shall negotiate in good faith to seek a solution which will allow the general purpose and intent of this MOU to be fulfilled, to the extent permitted by law. In the event that any specific provision of this MOU is deemed unenforceable, the balance of the terms shall remain in full force and effect, so long as such continued enforcement of the remaining terms does not act to defeat or deprive a party of its reasonable economic expectations hereunder.

IN WITNESS WHEREOF, the parties have executed this MOU as of the day and year first above written.

Memorandum of Understanding for NE Goodwin & Ingle Signal Property Acquisition

Staff Contact	Phone	Email
James Carothers, Engineering Manager	360.817.7230	jcarothers@cityofcamas.us

Purpose:

Preliminary plat approvals for Green Mountain Estates Subdivision and two of the Green Mountain Planned Residential Development (PRD) phases have conditions of approval to install a traffic signal at the intersection of NE Goodwin and Ingle Road at varying stages of their development processes. In order to complete the improvements, additional right-of-way is needed at the west corner of the intersection as indicated below in blue.

The subject property is owned by the Washington State Department of Natural Resources (DNR). DNR purchased this property with Washington State Recreation and Conservation Office (RCO) grant funds. Due to this funding source, any property taken out of the original proposed use of the property must be substituted in-kind with additional property. In other words, the City's purchase of this property will include a purchase of "offset" property, as well. The location of the "offset" property will be determined by DNR.

Intersection of NE Goodwin Road and NE Ingle Road with Required Property Acquisition Area in Blue

Due to the complexity of this property transaction, staff and GME Development, LLC, owner of Green Mountain Estates Subdivision, agree that the City, as a public agency, is best suited for working with DNR to accomplish the acquisition.

To ensure reimbursement to the City for all charges to complete this transaction with DNR, this Memorandum of Understanding (MOU) has been proposed between both parties' legal counsels.

A settlement agreement between DNR and the City to identify the terms of acquisition is currently in draft and will be brought to Council at a future date.

Budget:

This MOU has a "net zero" budgetary impact.

Recommendation:

Staff intends to place this MOU on the February 3, 2020 Council Consent Agenda.

STAFF REPORT

Final Plat for Green Mountain PRD Phase 2C and 2E File No. FP19-05, FP19-06

(Related File: SUB16-02)

TO: Mayor McDonnell

City Council

FROM: Robert Maul, Planning Manager

DATE: January 27, 2020

LOCATION: The development is located north of NE 28th St at NW ¼ of Section 21, Township 2

North, Range 3 East, of the Willamette Meridian; and described as tax parcel

986042356.

APPLICANT/OWNER: Lennar Northwest, Inc.

11807 NE 99th Street Vancouver, WA 98682

APPLICABLE LAW: The final plat application was submitted November 8, 2019, and the applicable codes are those codes that were in effect at the date of application. Camas Municipal Code Chapters (CMC): Title 18 Zoning (not exclusively): CMC Chapter 17.21 Procedures for Public Improvements; and CMC Chapter 18.55 Administration and Procedures; and RCW Chapter 58.17.

BACKGROUND:

- Site Area: 13.28 acres (Phase 2C), and 3.85 acres (Phase 2E)
- Lots: 43 lots (Phase 2C), and 24 lots (Phase 2E)
- Zoning: R-6 Single-Family Residential, and Multi-Family Residential (MF-10)

Green Mountain PRD Phase 2 subdivision received preliminary plat approval on June 15, 2017 for 230 residential lots, which included eight phases total. Phase 2B, 2D, 2F, 2G, and 2H included 118 lots and have been platted. Phase 2A, has not received final plat approval.

Staff has reviewed the final plat drawings, lot closures, CC&R's and all other associated final platting documents. Staff found that the application met the requirements of Final Plat approval in accordance with CMC§17.21.060.

FINAL PLAT APPROVAL CRITERIA (CMC 17.21.060.E):

- 1. That the proposed final plat bears the required certificates and statements of approval;
- 2. That the title insurance report furnished by the developer/owner confirms the title of the land, and the proposed subdivision is vested in the name of the owner(s) whose signature(s) appears on the plat certificate;
- 3. That the facilities and improvements required to be provided by the developer/owner have been completed or, alternatively, that the developer/owner has submitted with the proposed final plat an improvement bond or other security in conformance with CMC 17.21.040;
- 4. That the plat is certified as accurate by the land surveyor responsible for the plat;
- 5. That the plat is in substantial conformance with the approved preliminary plat; and
- 6. That the plat meets the requirements of Chapter 58.17 RCW and other applicable state and local laws which were in effect at the time of preliminary plat approval.

Finding: The submitted plat meets the requirements of CMC 17.21.060.E, is consistent with the applicable conditions of approval, and with the applicable state and local regulations.

RECOMMENDATION:

Staff recommends that Council **APPROVE** the final plat of Green Mountain PRD Phase 2C and Phase 2E (file# FP19-05 and FP19-06) as submitted.
