Project No. 2416

SCALE: H: 1"=20'
V: N/A

DESIGNED BY: AJG

DRAFTED BY: AJG

REVIEWED BY: TGJ

C3

Notes:
Stormwater treatment vaults shown will be either BayFilter or Contech StormFilter cartridge treatment systems.

The stormwater detention pond shown for Phase 2 of the project may be converted to a large wet pond to provide treatment in place of the stormwater treatment vault shown.

Roof drain piping shown is schematic, only. Final roof drain configuration and downspout locations will be determined at time of final design.

Scale 1" = 20'
