To: Camas Planning Commission  
Camas City Council  
Camas Planning Department  
Mayor Scott Higgins

Respected Public Servants:

It is so still and quiet when I arise in the mornings. This peaceful, refreshing, and a precious gift will be destroyed by the building of these mega developments.

The nice quiet drive down the surrounding country roads will become a two lane gridlock as vehicles compete to get on to the main road, and dodge around the everlasting road construction. It will be come an unwelcome chaotic parking lot going nowhere.

The metro area is growing. The developers and those in public leadership need to be know the impact to the surrounding areas.

Thank you,  

Ann Hoy
