Hi Curleigh,

My apologies for the delayed response, I had an unforeseen absence that I am catching up from.

We have found that parking in the Downtown Camas shopping area can be very limited for patrons, even with asking our staff members to park a few blocks away in an effort to be a good business partner. We plan to open a small branch in our current operations building around February 2018. We request two 10-minute parking spots to allow our members to conveniently process their brief transactions within our Credit Union. Ultimately, we believe our branch will also increase the foot traffic for neighboring businesses in the Downtown Camas community as well.

We appreciate your consideration.

Hillery,

You have reached the right person. The parking advisory committee meets about every four months to review downtown parking time limit requests. If you could please provide the reasoning for why you want one or two 10 minute parking spaces, staff would be able to justify passing this request along to the committee for their consideration. If it gets a recommendation from the committee, a resolution must then be adopted by Council in order to enact the change. Please let me know if you have any additional questions.

**Subject:** 10-15 Min Parking Sign

Hi Curleigh,

We are in the planning process to add a boutique branch in the lobby of the iQ building located in Downtown Camas. When I use to work in Camas there was a 10-15 minute only parking spot located in front of Café Piccolo. Can you please share with me the steps necessary to get 1 or 2 of those signs somewhere around the front entrance. If I have reached out to the wrong person please feel free to forward my email to the appropriate department.

Thank you,

**Hillery Losli**
