Subject: Re: Easement/Right of Way - Union Self Storage

Kurt,

Thanks for sending the agreement. It meets with my approval. The legal descriptions are well done and easy to follow. Easy enough that I noticed that the True Point of Beginning in the sketch of the temporary construction easement should be 60' north of the Northeast corner of the Union Storage parcel. It looks like the sketch for the right of way in Exhibit "C" was used and, in adding the temporary easement for the sketch in Exhibit "D", moving the True Point of Beginning was overlooked.

Other than that, I am ready to sign the agreement. We have a notary in our office, but he is out until Friday. When he gets back, I can sign and have him notarize my signature. I would then mail the original to your office Friday so that you could have it next week for recording. We would thereafter need just a copy of the recorded document for our file.

Thank you,

Martin Hertrich

Martin,

Hope you're doing well. Attached is the agreement we discussed previously for your review and comment and approval. Let me know if you have any questions.

Thanks,
