Steve, on behalf of Green Mountain Land, I have the authority to tell you that they are more than willing to further discuss with the City and WSDOT if appropriate, a long range plan for further improvements to the 199<sup>th</sup>/58<sup>th</sup> street intersection. We are willing to do that whenever the City would like to engage us. There will be future phases of the Green Mountain PRD in the foreseeable future and we believe establishing a plan that would apply to all future phases of the Green Mountain PRD, as well as, other potential trips that would impact the intersection, would be a benefit to all. We look forward to working with the City and any other stakeholders on this issue. Thanks
