Subject: Heritage Trees

Good Afternoon,

I look forward to speaking with you on Monday evening at the public hearing for the approval of the Urban Tree Program. There should be a very good showing from the citizens of Camas.

I would like to ask if you would please consider adding a Heritage Tree Program to the proposed Urban Tree Program? The city of Vancouver has this program in place and Camas would benefit greatly if our old growth/significant trees are protected for their lifetime.

<https://www.cityofvancouver.us/publicworks/page/heritage-trees>

Thank you,

Geri Rubano
