Dear Camas City Council Members,

I am pleased to submit my application to be considered as Camas City Council Representative for Ward 3.

From January of 2008 to January of 2017, I served as a member of the Washougal City Council, and I thoroughly enjoyed it! In addition to my position as a City Council Member, I served on many local/regional Boards and Committees both as a representative of the Council and as a private citizen, so I am familiar with the duties, commitment and challenges that come with this position.

We moved to Camas 2 years ago, embarked on a home renovation and otherwise have been keeping busy with work & family. But, I found that I have truly miss serving my neighbors as their representative on the City Council, and I would love the opportunity to work on community issues and projects which will to help shape the future of our City.

A few of my favorite duties while serving on the City Council were researching projects, hearing from concerned residents, and working hard finding solutions to the difficult challenges we face as a small municipal government. I also found that networking with other community leaders throughout the County including State and National Officials was extremely beneficial, as we could oftentimes collaborate on finding solutions to particularly challenging issues. I truly believe that by working together, we can move Camas forward in a positive direction.

I look forward to the opportunity to work with all of you, and it would be my honor to serve our community in this capacity on the Camas City Council. Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "Jennifer McDaniel".

Written Questions for Camas Council Candidates

1. Why do you want to serve on the City Council? *I've missed serving my community, and would like the opportunity to work with the Camas City Council members, administration + staff to help move us forward in a positive direction.*
2. What experiences, talents or skills would you bring to the Council and community that you would like to highlight? *I served on the Washougal City Council for 9 years, working on many challenging issues and projects, so I bring experience to the position + established relationships throughout our community.*
3. Camas, like many Washington cities, are facing a structural deficit, where expenses grow faster than revenues, due to property tax limitation measures. Explain your views on how the City of Camas should address these budgetary difficulties. Specifically, discuss actions you might encourage to balance revenues and expenditures and the impacts of City services. *All municipal governments must live within their means, aside from special projects such as infrastructure improvements which may require a loan or bond. Frugal management of general funds + reserves will help keep budgets on track from cycle to cycle.*
4. In your opinion, excluding finances, what are the most significant challenges facing the City of Camas today? How would you propose to address these challenges? *The Pool - Camas must actively work to find an alternate place/solution for a pool - its a high priority for the community (partnerships + purchasing land).*
