July 29, 2019

AGENDA

1. Adopt Meeting Procedures
2. Lacamas Creek Sewer Pump Station project (SHOR9-01)

LACAMAS CREEK SEWER PUMP STATION PROJECT

ROLE OF SHORELINE MANAGEMENT REVIEW COMMITTEE (SMRC)

The SMRC shall, by majority vote, take one of the following actions:

(1) If the proposal is determined to be of minor significance, it may approve or deny issuance of a permit.

OR

(2) If the significance of the project is such that it is likely to involve public concern, it shall refer the application in a written decision to the Hearings Examiner for a public hearing.

A written decision (if substantial development) or recommendation (if shoreline variance or conditional use) is then forwarded to Ecology and the attorney general for a final decision.
