

City of Camas

2020 Legislative Agenda

1. **Transportation Funding** – Increase cities transportation resources.
2. **SR -14 Improvements** - \$35 million for the SR-14 West Slough Bridge Project.
3. **Address a failing behavioral health system** – We need community-based facilities to address individuals severely disabled by their mental health or chemical dependency.
4. **Fund a systems approach to correct fish-blocking culverts** – The state is focusing on solving the culvert problem in the state system. We will not address the needs unless we have a funding that includes all of the local agency culverts in the state-wide system.
5. **Local Government Funding** – Ensure cities fiscal health with reliable and flexible sources that can be tailored to meet local needs and support essential community services. Approve new local requirements when adequately funded.
6. **Fully Fund Public Works Trust Fund (PWTF)**
7. **Create Tax Increment Financing (TIF) for cities**
