D. **Electric Lightwave Franchise Agreement**

Details: In 1997, via Ordinance No. 2129, the City of Camas entered into a franchise agreement with Electric Lightwave LLC (ELI), now a subsidiary of Zayo, which has since expired. ELI is now proposing to run fiber optic cable to various educational institutional sites within the City limits and new fiber between the City's proposed pump stations being constructed as part of the North Shore Sewer Transmission System project. Attached is a draft ordinance that would grant a new franchise agreement and provide the terms for which new fiber can be installed as well as conditions regarding the maintenance and operations of existing fiber lines within the public rights-of-way. Cable television service will not be allowed as part of this agreement. Presenter: James Carothers, Engineering Manager

Ø Draft Ordinance ELI Franchise Agreement

This item will be placed on the May 1, 2017 Regular Meeting Agenda for a public hearing.

Ε. Consultant Services for Wastewater Local Limits Development Details: The City's National Pollutant Discharge Elimination System (NPDES) permit for the Wastewater Treatment Plant (WWTP) requires the City to develop "Local Limits" for the amount of toxic metals and other constituents that may be discharged into the public sanitary sewer system. Staff completed the first phase of the permit requirement by submitting an Industrial User Survey to the Department of Ecology in January 2017. The next phase is to develop a Local Limits Sampling and Evaluation Plan by July 15, 2017. The City issued a Request for Proposals (RFP) seeking consultant services to help develop the plan and the other elements of the Local Limits permit requirement. CH2M, Inc. was selected through the RFP process and has submitted the attached scope of work to complete a Sampling and Evaluation Plan in the amount of \$14,584. This is a multi-year process that must be completed by December 15, 2019, ultimately ending with the adoption of a Local Limits ordinance. Future elements to be completed, with assistance from CH2M, Inc., will include Sampling/Screening industrial discharges, Local Limits monitoring, establishment of Local Limits and drafting the ordinance for Council's consideration. CH2M, Inc. has estimated these future elements will cost approximately \$100,000 to complete.

Presenter: Sam Adams, Utilities Manager

Mayor commented about jurisdiction of State Route 500 and inquired about road repairs by the Washington State Department of Transportation (WSDOT). Wall responded with an update.

G. Community Development Miscellaneous and Updates Details: This is a placeholder for miscellaneous or emergent items. Presenter: Peter Capell, City Administrator

Capell informed Council about the public hearings for Lacamas Heights Elementary and the Camas Project Based Learning (PBL) High School.

Capell commented about the Planning Commission meeting this week and the appreciation luncheon, held last week, by the Camas School District.

H. Draft Ordinance Amending Chapter 2.72 of the Camas Municipal Code (CMC) Relating to Post-Retirement Medical Insurance Details: This ordinance will amend CMC Chapter 2.72 eliminating sections relating employee life insurance policies, medical insurance, vision and dental plans, which do not reflect current practices. Those benefits are addressed in labor contracts and the Nonrepresented Employee Handbook. The ordinance was discussed during the March 2, 2017, workshop. At that time, it was proposed to repeal the entire chapter. Concerns were raised that the post-retirement medical insurance coverage was being taken away, which was not the intent. Therefore, the chapter has now been amended to remove all of the sections except the post-retirement medical insurance coverage. Presenter: Pete Capell, City Administrator
