Title:	<p>Exchange Agreement with Zayo Group, LLC Details: The Camas School District (CSD) asked that a conduit be installed on Leadbetter Road with the North Shore Sewer Transmission System project so the district's internet provider, Zayo Group, LLC (Zayo), could install fiber optics to the new Lacamas Lake Elementary School. City staff sought permission from Zayo to use a portion of the fiber optic line to interconnect the three North Shore sewer pump stations, allowing the pump stations to communicate via fiber. The pump station lines will not be connected to the school district's system, or the internet and will be strictly used for communication between the pump stations. Zayo has asked the City to sign an Exchange Agreement, which recognizes the mutual benefit of Zayo having access to the City's conduit and the City having access to a portion of Zayo's fiber optic line. The agreement includes two exhibits showing the dollar value Zayo is receiving from using the City's conduit and the dollar value the City is receiving for the use of Zayo's fiber, which are of equal value, so no amount is owed by either party. The Exchange Agreement has been reviewed by Public Works, Finance and the City Attorney. Presenter: Sam Adams, Utilities Manager</p>
