Authorized Mayor to sign the second amendment in the amount of \$19,500 to BergerABAMs scope for North Urban Growth Area Sewer System Alternatives Analysis. This amendment allows the project team to develop a sewer system phasing program for the preferred alternative and to develop a conceptual design and cost estimates for the first phase of improvements. As discussed at the January 5, 2015 Workshop, the work in this amendment is anticipated to be completed within the same timeframe as the original Scope of Services, which is early February 2015 based on contract approval dates.
