Proposed Watershed Property Boundary Line Agreement

Details: City staff has received a request from property owners with parcels located west of the City's watershed property to develop and enter into a boundary line agreement establishing a common property line. A memorandum with details regarding the request is attached for information. Staff reviewed the details of the memorandum with Council.

Presenter: Steve Wall, Public Works Director

Recommended Action: Provide direction for staff to develop a boundary line agreement with property owners to the west of the City's Watershed Property for future Council consideration.
