### Wetland Maintenance and Monitoring Agreements

Details: The Wetland Maintenance and Monitoring Agreements are multi-year contracts to meet wetland mitigation requirements associated with roadway improvements on NW 38th Avenue Phase 2, NW Leadbetter Drive and NW Friberg-Strunk Street. Maintenance and monitoring are requirements of the Corps of Engineers permits for each site. There will be four separate contracts for Council authorization. The contract work for 2016 is funded by the stormwater utility and is in the 2016 budget. The total cost of the work for 2016 is \$160,000.

Presenter: James Carothers, Engineering Manager

Recommended Action: Staff recommends these items be placed on the March 21, 2016 Consent Agenda for Council's consideration.
