### Public Hearing Considering the Six-Year Transportation Improvement Program for Years 2018 Through 2023

Details: The Six-Year Transportation Program, also known as the six-year street plan, is to be updated by municipal agencies annually per Revised Code of Washington (RCW) 35.77.010. Projects from the Capital Facilities Plan, Transportation Impact Fee Study Update and the North Dwyer Creek Master Plan are included in this plan as well as safety and maintenance and preservation items. Projects are dropped from the list annually once the construction phase has started and is fully funded. Staff has revised the attached list and map to reflect comments made by Council at the May 15, 2017 Council Workshop Meeting. The Lake Road and Everett Roundabout description for priority 4 was changed to Lake Road and Everett Intersection Improvements. The NW 23rd Avenue project, formerly shown as priority 13, was moved up the list to priority 9. The SR-14 West Camas Slough Bridge project, formerly shown as priority 9, was moved down the list to priority 13. Reconstruction of NE Nevada Street from 3rd Avenue to 6th Avenue was added to the list as priority 42. The attached appendices identify the coding on the list. There has been no public testimony received to date. Notice of this public hearing was posted on the Camas website, at the Camas Library and in the Camas-Washougal Post-Record.

Presenter: James Carothers, Engineering Manager

Recommended Action: Staff recommends that Council conduct a public hearing, deliberate on comments and recommended changes, and direct the City Attorney to prepare a resolution adopting the desired changes to the Six-Year Transportation Improvement Program at the June 19, 2017 Regular Council Meeting.
